He is independent.  
He is progressive.

HE IS OPPOSED BY  
The Pacific Mail.  
The Transcontinental Railroads.  
The Canadian-Pacific Railroad.  
The Foreign Shipping Trust.  
The White Slavers.

HE IS SUPPORTED BY  
EVERY LOYAL CITIZEN INTERESTED IN THE WELFARE  
OF HIS CITY AND COUNTY.

## 23-CENT REDUCTION IN TAX RATE IS GRANTED

Meiz System of Accounting to Be Adopted  
for City Offices

The City Council this morning fixed the tax rate for the fiscal year 1912-1913 as follows:

In the old city, \$1.75 on the \$100 assessed valuation.

In annexes of 1891 and 1897, \$1.74 on \$100 assessed valuation.

In annex of 1909, \$1.48 on the \$100 assessed valuation.

This is a reduction of 23 cents on the tax rate of last year, and an increase of 3 cents over the estimate of the rate for this year recommended by City Auditor George Gross and City Treasurer Edwin Meese. The finance experts of the city recommended the old city rate should be placed at \$1.72.

Several unforeseen necessities were brought to the attention of the City Council after Commissioner of Finance and Revenue Forrest had put in his recommendation for the budget, based on the report of Gross and Meese. The necessity of providing for these made it necessary to add 3 cents to the estimate of the finance experts.

### THREE EXTRA CENTS.

The disposition of this extra three cents, which was decided after several executive sessions of the council to add to the Gross-Meese estimate, will be distributed among the following:

An appropriation of \$35,000 for the Elsie street bridge across the north arm of the Oakland estuary leading to Lake Merritt.

An appropriation of \$10,000 to pay for legal services on the water rate cases in

which the city will commence to put in testing in short time.

Appropriation to be added to the library fund for branch library.

Appropriation of \$10,000 to establish a system of accounting in the municipal departments to standardize these on a business basis.

### TO USE METZ SYSTEM.

The last item is one of the most important in the list, as it is proposed to put in the Metz system, the system of standardizing the departments of large municipal and private corporations to effect economies in time and money. The Metz system is that advocated by the Alameda County Tax Association, of which Mark Regus is president, and it was after consultation with representatives of the tax association that the item for the installation of the system was included.

At the present time the departments, which have grown up independent of each other or of a central control, have different systems of accounting and there is no uniform system which would make a practical checking and control possible. The matter, although it has been reformed and amended from time to time, is at present in a haphazard state, and a complete reorganization of the system is contemplated.

### CHANGE NECESSARY.

"It is absolutely necessary to provide a proper system of accounting," declared Mayor Frank K. Mott this morning. "Our accounting must be standardized and an

(Continued on Page 2, Col. 5)

## Mother and Six Children Meet Death in Flames

RUTHERFORD, N. J., Aug. 30.—Mrs. Emilio de Baro and six of her seven children, ranging from 6 months to 12 years of age, met death early today in a fire which destroyed their home. De Baro, the husband and father, and the seventh child, a boy of 13, escaped by jumping from a second-story window.

## Millionaire Falls Into Vat Of Sheep Dip and Drowns

ALBUQUERQUE, N. M., Aug. 30.—Sol Luna, millionaire banker and sheep-raiser, for sixteen years Republican national committeeman for New Mexico and

### WANTED!

100 boys over 16 years of age to carry election returns for the TRIBUNE on Tuesday, Sept. 3. Apply Editorial rooms on Saturday or Monday.

who refused to accept the election to the United States Senate at the hands of the first state legislature, met a tragic death at Horse Springs, Socorro county, 75 miles from Magdalena, early today, when, after being attacked with heart failure, he fell into a vat containing thousands of gallons of sheep dip. It happened Luna during the night. It is supposed Luna went to the dipping vat a few yards away from the ranch house and attempted to get water from a faucet there. He fell into the poisonous mixture of lime, sulphur, tobacco and water. Camp employees saw a body floating in the vat in the morning. The skin was peeled from the face and hands because of the swelling water which had entered into the vat at 1 A. M. in the morning. Luna was said to have been the wealthiest man in New Mexico. He leaves a widow.

## U. S. PATROL TO GUARD MANAGUA

Marines to Keep 72 Miles  
From Capital to Sea  
Open to Traffic

PANAMA, Aug. 30.—A telegram from Corinto denies that a number of American marines have lost their lives in the fighting in Nicaragua.

### ON WAY TO CORINTO.

COLON, Panama, Aug. 30.—A force of 767 United States marines arrived at Colon today. They were transported across the Isthmus of Panama on a special train and will embark on the armored cruiser California, due at Panama tonight or tomorrow morning.

The California will leave Panama immediately, perhaps touching at San Juan del Sur, to reinforce a small marine contingent left at that place by the cruiser Denver, to make sure that the important cable station is not closed by the rebels.

All messages from the American legation at Managua and the American naval commander at Corinto must come to San Juan del Sur in order to reach the cable.

### 72 MILES TO PATROL.

The California could reach Corinto Monday night if she covers the 650 miles at top speed. Rear Admiral Southard has already announced his purpose of sending to Managua at least 500 of the marines she carries, and the remainder probably will be used to patrol the 72 miles connecting the capital with the sea.

These reinforcements will bring the total American strength in Nicaragua up to more than 2000 men ashore and about 2000 bluejackets in ships in the coast waters on the sides of the country. The naval commanders are satisfied that this force will meet present needs.

It is believed the rebels will attempt to stop the movement of American forces

## 7 CITIES TO OWN WATER SUPPLY

Alameda County Towns Join  
in Plan for Municipal  
Ownership

Two Elections to Be Called  
for Voters to Decide  
on Proposition

THE first step toward the consummation of the project to organize a metropolitan water district comprising seven cities of Alameda county for the municipal ownership and control of a huge water supply and distribution system will be taken Monday when petitions prepared at the instance of the mayoral conference committee will be in readiness for circulation among the voters for the necessary signatures.

The mayoral conference committee, consisting of Chairman Frank K. Mott of Oakland and Mayors J. Stitt Wilson of Berkeley, W. H. Noy of Alameda, Hugh Craig of Piedmont, J. J. Gill of San Leandro, W. H. Christie of Emeryville and Frank Roberts of Albany, met last evening in the Mayor's chambers in the Oakland city hall, and determined upon immediate action for the creation of the water district. Consulting Engineer J. H. Dockweiler of Oakland was authorized to have the necessary petitions printed to be circulated among the voters, and promised to have the documents prepared and in the hands of the Mayors for distribution by Monday.

### TO CALL ELECTION.

The metropolitan municipal water district election will probably be called by the Alameda county board of supervisors for a date early in November. There is no question but that the election will be called, as less than 3000 signatures are necessary to the petition to make the calling of such an election mandatory upon the board of supervisors.

It will be necessary to hold two elections, the second within 90 days after the first. The first election, to be held early in November, will be to organize the water district. The second will be for the election of a board of directors to have charge of the business of the newly organized public corporation.

The board of supervisors of the county has been notified of the intention to petition for the calling of these elections, and the supervisors have agreed to set

(Con. on Page 4, Cols. 3-4)

## MIDNIGHT CALL ENDS IN SUDDEN DEATH OF PAIR

MISS VIRGINIA RODRIGUEZ, WHO WAS KILLED LAST NIGHT BY  
FORMER COMPANION, WHO COMMITTED SUICIDE.

## Three Are Injured When Auto and Street Car Collide

FRUITVALE, Aug. 30.—P. A. Deasy, of 1261 First avenue, Oakland, William Holland, proprietor of the Auto Inn, 170 Twelfth street, Oakland, son of Inspector D. Holland of the Oakland police force, and George McKlosky of Vallejo were injured last night in an automobile accident at Fruitvale avenue and East Seventeenth street when the runabout driven by Deasy collided head-on with a Fruitvale avenue car. Deasy suffered a severe cut over the head and numerous bruises about the body. McKlosky's left leg was severely cut when he was thrown heavily to the

ground. Holland escaped with a few scratches. Several passengers on the car jumped from their seats when the collision occurred, but none was hurt. The automobile was wrecked and the front part of the car torn away. The three men were returning to Oakland after having taken a spin on the Foothill boulevard, and, according to Deasy, he failed to see the approaching car as it neared East Seventeenth street, being blinded by the headlights. Dr. Daniel Crosby of East Seventeenth street and Fruitvale avenue was aroused by the noise of the collision and went to the assistance of the wounded men.

(Continued on Page 3, Col. 3)

## Present Styles Blamed for 'Increasing Immorality'

PITTSBURGH, Pa., Aug. 30.—Former Governor R. B. Linn of North Carolina, addressing teachers of the Allegheny County Teachers Institute last

night, made a plea to them to use their influence in securing reform in the manner of dressing by women of the country. He attributed the spread of impurity and immorality, which he says is increasing at an alarming degree to the present style of low necks and short skirts. He said: "My dear

them, Chinese women used to dress and look pretty good in them. But if you insist upon wearing them, wear pants with both legs in them and not with only one leg and then try and make your feet tough them as some of you women are now trying to do."

## Widow of Late Standard Oil Man Dies Suddenly

NEW YORK, Aug. 30.—Mrs. Henry H. Rogers, wife of the late vice-president of the Standard Oil Company, died suddenly today in a dining car in the Grand Central station at the conclusion of a journey from Bretonwood, N. H. to her home here.

## Woman Breaks Knee Cap In Strenuous Texas Tommy

SAN FRANCISCO, Aug. 30.—The Texas Tommy, amidst the appropriate surroundings of Dixie's roadhouse in the Ocean boulevard, became so popular at 12 o'clock this morning that one of the participants, Mrs. Margaret Thompson of 1123 Leavenworth street, broke her knee cap and was sent to the emergency hospital.

## Fire Threatens Valuable Collection of Paintings

PIEDMONT, Aug. 30.—A grass fire which got beyond control in the rear of the art gallery in Piedmont Park yesterday threatened a valuable collection of paintings owned by Frank C. Havens. The proprietress of the fire department, prevented the flames from reaching the gallery, containing the pictures, which had

 him in her affections and all her regard for Finn apparently vanished. About a week ago he called upon her, requesting the return of some photographs and keepsakes. It was arranged that he should get them yesterday, the girl having left them at her mother's Oakland home. They were in a package on the table when Finn called about 11:30 p. m. Harrison had gone into the bathroom and when Durrell took Finn up in the elevator he was admitted by Miss Rodriguez.

**NEW YORK CAPITALIST SHOWN UP AS WELCHER**  
**Wants Money Back From Mining Deal, Which Needed Nerve to Win**  
 (From the Tuolumne Prospector, Saturday, Aug. 17, 1912.)  
 Albert E. Tower, a capitalist of New York, is suing J. C. Wilson of San Francisco to recover \$142,000, out of which, he insists, he was robbed in a deal involving the purchase, equipment and operation of the Ward Mines at Penon Blanco, near the town of Coulterville.  
 Before the property was purchased the most conservative mining expert on the coast made an exhaustive examination of the mines and on his report the deal was made. If the mines had paid from the start this belyacher of a Tower would have patted himself on the back as the smartest man in the world. But after the mines were thoroughly equipped and put in operation at great expense difficulties arose as to extracting the values from the ores and the working force was reduced, the mill was closed down and chemists and metallurgists were set at the task of finding a method to save the gold in the ores.  
 The mines are as valuable today as they ever were and only time is needed to verify this fact.  
 It will be very difficult for this dashing eastern speculator, this Napoleon of mining investment, to convince the people of this coast, judge, jury or laymen, that J. C. Wilson used any but honorable means to interest this whiner in a mining venture. Tower did not make the millions he expected as quickly as he looked for and he now hopes to use the courts to compel Mr. Wilson to bear all the losses, after he has had a chance to take the profits.  
 Damn a welcher, anyhow.

 Store open till ten Saturday nights

**MULLINS IS GREETED BY NORTH OAKLANDERS**  
**Santa Fe Tract Residents Hear Address by Supervisor**

John F. Mullins spoke to an overflow meeting at the Santa Fe Photo House, 16th and Grove streets, last evening. The meeting was an exclusive Mullins gathering and showed the popularity of the supervisor who has done so much to purify politics in Alameda county and drive out the notorious Jack Cook-Joe Kelly gang from the control of county affairs. Dr. Diego Majors acted as chairman and introduced Supervisor Mullins, who is candidate to succeed himself from the fifth district. Mullins spoke in part as follows:  
 "My friends of the Santa Fe Tract, it is a pleasure to speak to you tonight on the issues of this campaign. I know you always take a deep interest in the affairs of the government and are therefore familiar with my record as a councilman of the city of Oakland and as chairman of the Board of Supervisors.  
 "During my term in office I have at all times guarded the County Treasury from petty politicians and grafters believing that the funds of the taxpayers should be spent for the benefit of the people and not to pay political debts. The result of this service was the saving of hundreds of thousands of dollars to the county."  
 "Jack Cook and Joe Kelley have, for years, paid their political debts out of the county treasury. They have kept the county salary rolls loaded down with employees whose first duty was to the Cook and Kelly machine. There are today county employees conducting the headquarters of the Cook-Kelly machine in the St. Mark Hotel managing the campaigns of Cook-Kelly candidates for supervisor so that this combination can once more get its hands deep into the county treasury.  
 "Instead of this, we are today saving the county money and placing its affairs on a business basis.  
 "I have improved the service at the county infirmary and driven politics out of its management, and I am strongly in favor of the immediate construction of a new county hospital and infirmary building. I am also in favor of a new detention home to be erected in a location recently acquired by the Child Welfare League. I endorse the work of the league, as also a free dental clinic for the poor of the county.  
 "I feel that inasmuch as I devote my entire attention to the affairs of the county, added to my six years' experience as a public officer, qualifies me in again asking for your support at the coming primary, September 3."

**FINGER-PRINT FAILS TO CONVINCE JUDGE**

Evidence produced by the police to prove that Frank Good, son of a wealthy Fresno family, broke into the L. Boas cleaning and dyeing works and stole his own suit of clothes to avoid paying his bill, proved insufficient to establish a burglary charge against the young man. Then he was given his preliminary hearing before Judge Aaron Turner yesterday afternoon. The police based their case on fingerprint evidence, but the resemblance was not sufficiently close. The case was ordered dismissed.

**FUNERAL IS HELD OF PIONEER WOMAN**

BERKELEY, Aug. 30.—The funeral of Mrs. Nellie B. Scotchier, a pioneer resident of this city, was held this afternoon from her late home at 2314 Atherton street. Rev. M. Smith, pastor of the First Unitarian church, officiated at the services. Interment was conducted privately at Mountain View cemetery. Mrs. Scotchier came to California as a little girl from her birthplace, Cambridge, and lived in San Francisco until the time of her marriage, then removing to Berkeley. She was 64 years of age and survived by a husband and three sons, Wallace B., Nelson N. and Malcolm Scotchier.

**C. J. Heeseman**  
 A Phenomenal Line of **Boys' Knicker Suits**  
 NORFOLK and double-breasted models are supplied in this line, all the favorite Fall shades of grays and browns being reproduced in handsome and durable fabrics. These suits are patterned on the same stylish lines of our high-grade \$15.00 suits, but, in addition, are doubly fortified against the unusual wear for which they are intended. For ages 7 to 18, you won't find the equal of these suits at ..... **\$8.50**  
**Young Gentlemen's Long Trousers Suits**  
 These suits differ from the ordinary suits for young men in having been made specially for us, with one-piece, seamless box backs, and extremely full peg-top trousers, the legs of which are greatly narrowed at the end, fitting the ankles snugly, and finished with cuffs as deep as you like.  
 These exceptional suits are offered in countless combinations of grays and browns and a liberal representation of serviceable Blue Cheviots. Fine twill Blue Serges of the heaviest weight that will be shown this winter are also included, any of these fabrics being remarkable values at the price ..... **\$15**  
**\$8.50 Girls' Coats \$10**  
 For Ages 6 to 14  
 Boys' Overcoats, these are, in every respect, excepting that they are made longer to reach the shoe tops. But the identical fabrics and styles are shown, and also the same convertible collars which the boys wear buttoned to the chin, when cold, or with open revers when pleasant weather prevails.  
 WASHINGTON AND 13TH OAKLAND

**HAND-SHAKING PLEASES WILSON**  
**Governor Tries it Out on 3000 During 210-Mile Tour.**

SEA GIRT, Aug. 30.—Tired wrists and aching fingers reminded Governor Wilson today that he had spent the most strenuous day of his life in his trip through Pennsylvania. He estimated that he had spoken in his impromptu tour of 210 miles to nearly 40,000 people, and that he had shaken hands in one day with about 3000 individuals.  
 The most interesting revelation to Governor Wilson was the fact that he found himself making seven speeches instead of the one he had planned, that he was just as busy on the back platform of his train as presidential candidates always have been, and that he was almost converted to the old-fashioned idea of campaigning, which at first he had thought to abandon in favor of a few scheduled addresses.  
 "I would enjoy all in fact I would like it," said the governor today, speaking of his back platform talks, "it is difficult to talk while engines are being switched around you and the noises of the railroad yards are distracting. If I do not have to make speeches and could just shake hands, I would not mind it at all, for the people seem so straightforward, so hearty and so sincere."  
 The governor had before him today the prospect of more handshaking. He was to visit the Monmouth county fair at Red Bank, N. J.  
 Wilson will begin a strenuous day in New York state Monday, making the first speech of the day at Buffalo, where he probably will discuss the relations of labor questions to government. A delegation of labor leaders will receive him at Buffalo. Norman E. Mack has planned a reception for the governor. Captain Rostron of the Cunard liner Carpathia, which rescued the Titanic called to see the governor today.  
**GIRL HELD.**  
 Pauline Schack, a 17-year-old girl living at 1014 Castro street, is being held at the receiving hospital pending an examination as to her sanity tomorrow. The affidavit was sworn to by the girl's mother, Mrs. P. Schack. It is said that the girl's mind had been turned through her inability to keep peace with her associates. She is a graduate of the city high school with the class of 1911.

**OAKLAND PLACED AT DISADVANTAGE**  
**Business Men Will Probably Organize Traffic Bureau at Early Date.**

The advisability of establishing an Oakland traffic bureau supported by the local commercial organizations was a topic of the session at a special meeting of the trade and commerce committee, the railroad and transportation committee, and rivers and harbors committee of the Oakland Chamber of Commerce yesterday afternoon. The meeting was presided over by Dr. Jones, who in his remarks to the committeemen, showed that the freight tariff in Central California placed Oakland at a disadvantage in trading with counties in this section of the state. It was shown that it would be possible to save thousands of dollars to Oakland shippers and a wholesale, jobbing and manufacturing business by the establishment of the proposed bureau. It was further pointed out that such cities as Los Angeles, San Francisco, Sacramento, Portland, Seattle and Bakersfield had found the establishment of such a body a great help to the transaction of their trade. It was unanimously decided that a further investigation into the matter should be carried on and the question will come up before the next meeting of the directors of the chamber.  
**Sons of Veterans Elect R. M. Grant**  
 ST. LOUIS, Aug. 30.—Robert M. Grant of Hartford, Conn., was elected commander-in-chief of the Sons of Veterans today and Miss Frances M. Fox of Rochester, N. Y., was elected president of the Ladies' Auxiliary.  
 The encampment of the Grand Army of the Republic will choose next year's meeting place.  
**BOY HIT BY AUTO.**  
 Irwin Robert, a schoolboy, was struck by an automobile driven by a man named John A. Brown, who was driving a 1911 Ford, at 10:15 a. m. yesterday afternoon at San Pablo avenue and Thirtieth street. The boy was riding a bicycle at the time. He was thrown from his bicycle and landed on his head. The bicycle was demolished.

**CODY GETS FORTUNE IN AIR FLIGHTS**  
**British Aviator Wins Prizes Totaling £40,000 in England.**

SAN FRANCISCO, Aug. 30.—S. F. Cody, once an American citizen, but now a naturalized British subject was awarded today the two leading prizes of English aviation. The first £35,000 was given for his winning in the recent meet on Salisbury Plain, the competition open to aviators of all nations in any make of machine, and the second—£5000 for his victory in the contest open to British aviators using airplanes English-made except the motor. In each event Cody used a biplane of his own invention.  
 Armand Depourdusin, the Frenchman, carried off second prize in the first event amounting to £2000. He used a monoplane of his own make.  
**Conserve Trout for Duke of Connaught**  
 PORTLAND, Ore., Aug. 30.—That Canadian trout streams are being conserved by policemen that the Duke of Connaught may be insured good sport is the statement of Claude Hicks, a Portland lawyer and fisherman, who has returned from the Canadian Rockies. Hicks said he made a two days' trip from Calgary to a famous trout stream. The stream was guarded by police officers. Hicks said that the stream and the fact that they carried licenses had no effect. Hicks declared. The Duke of Connaught is expected to visit that district in September.  
**LEARNS WHAT COLLEGE GIRLS TALK ABOUT**  
 BERKELEY, Aug. 30.—In the first lecture on the psychology of child development at the Pacific Theological Seminary yesterday afternoon, Prof. Charles E. Hughes, associate professor of education at the University of California, told his class that in order to learn what women were most interested in he had followed college girls along the walks on the campus and listened to their conversation. In this lecture he gave out of a hundred said that 90 per cent of them were talking of dress or of social events.

**JACKSON'S**  
 Second-hand furniture taken in exchange as first payment for new  
 Anything, with the exception of Mattresses and Bedding, will be taken, and we will allow you every cent they are worth.

**BERKELEY TO ADD TONIGHT TO KNOWLAND ENTHUSIASM**  
**Victor Metcalf to Preside Saturday Evening at Big Rally**

Friends and supporters of Congressman Joseph R. Knowland will throw the auditorium of the Berkeley High School tonight at what promises to be the biggest rally of the campaign in the college city. Prof. P. R. Boone will preside and Knowland will be the chief speaker of the evening.  
 Ever since Knowland's return from Washington to take personal charge of his campaign for re-nomination at the Republican primary, September 3, the Berkeley men and women have been anxious to hear him and he has made a number of addresses there. In order to give his many friends an opportunity to hear him give reasons why he should be retained in office the big meeting for tonight has been arranged and it is expected that the auditorium will be thronged to the doors.  
 Knowland's headquarters at Shattuck avenue and Alston way have been very active and Knowland has been pledged support from men and women from all sections of the city, who are convinced that he has made a great record during his eight continuous years in Congress and occupies a splendid position as a national legislator.  
**BIG MEETING SATURDAY.**  
 Plans for the great meeting which will be held in Maple Hall Saturday night have been completed. Victor H. Metcalf, secretary of the navy under President Roosevelt, and Knowland's predecessor in Congress, will be among the speakers in addition to Knowland, who will be Mayor Frank K. Mott, who has enthusiastically endorsed Knowland's candidacy, and W. E. Gibson, president of the Chamber of Commerce. Among the speakers in addition to Knowland will be Mayor Frank K. Mott, who has enthusiastically endorsed Knowland's candidacy, and W. E. Gibson, president of the Chamber of Commerce. Among the speakers in addition to Knowland will be Mayor Frank K. Mott, who has enthusiastically endorsed Knowland's candidacy, and W. E. Gibson, president of the Chamber of Commerce.  
 Knowland will speak Saturday afternoon at 3 o'clock at the home of Mrs. Henrietta Edwards, 2037 Hopkins street. Mrs. Fred Heald will act as chairman.  
 The women of the neighborhood have been notified of the gathering and a large attendance is expected. Mr. Knowland will tell the issues of the political campaign and explain the principals he stands for and his many activities for the benefit of this section in the past. Mrs. Edwards will preside. The meeting will be called to order at 3 o'clock.

**WOMAN MEMBER OF CHURCH BOARD**  
**Mrs. W. A. Marple Elected to Methodist City Extension Body.**

ALBANY, Aug. 30.—Elected last evening by the official board of the Marine Avenue church, Mrs. William A. Marple of Albany is the first woman to become a member of the board of managers of the Methodist Episcopal City Church Extension Society. A special meeting of the board of managers will be held this evening at the headquarters of the First Methodist Episcopal church, Oakland, to receive and act upon the reports of the executive and finance committees relative to the fixing of appropriations for the conference year 1912-1913 and for the election of a corresponding secretary for the year.  
 The present secretary is Dr. A. J. Hanson, pastor of the Golden Gate Avenue church, Oakland. The other officers are: President, Joseph F. Fordester of Alameda, recording secretary, the Rev. Robertson Burley of Melrose, treasurer, C. W. Kinney of Oakland.

## NEAR DEATH IN MOTORCYCLE ACCIDENT

A ROMA, Aug. 28.—Clarence was at the point of death with shattered skull and his brother, Arthur, has a shattered arm or injured as the result of a crash from their motorcycle on the way home from the city. Both of them were in the hospital and both were hurt from the crash.

## TWO NEW SCHOLARSHIPS FOUNDED AT STANFORD

STANFORD UNIVERSITY, Aug. 28.—Funds to support two new scholarships and a graduate fellowship for the ensuing year have been accepted by the university. A scholarship in medicine and the fellowship are gifts of the Stanford Alumni Association. The other scholarship, which is for research work in entomology, is the gift of the widow of Henry M. Barnard of Cambridge University, England.

## Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that all the children born in civilized countries, twenty-two per cent, die before they reach one year; thirty-seven per cent, before they reach five years; and one-half before they reach ten years.

We do not hesitate to say that a timely use of *Catheter* would save a life in every home. Neither do we hesitate to say that *Catheter* is the only medicine that is consumed by the use of nervous, irritable, and sensitive people. It is the only medicine that is consumed by the use of nervous, irritable, and sensitive people. It is the only medicine that is consumed by the use of nervous, irritable, and sensitive people.

## SEVEN CITIES JOIN IN PLAN TO OWN WATER SUPPLY Voters to Name Board of Directors to Manage Affairs of Concern

(Continued From Page 1)

aside sufficient funds in the budget to pay for the two elections.

### PLANS FOR FUTURE.

The territory to be incorporated is roughly that from the northern boundary of Alameda county on the north to the city limits of Alameda on the south, and from the crest of the hills to the bayshore. The land is occupied by a population aggregating about 300,000, but this figure is being so rapidly increased that it will be necessary in planning the water supply to provide for a future population of two or threefold this number.

The mayors are proceeding carefully in their plans and with a broad policy in view. While extensive plans have been outlined for the future of the proposed district, it is planned to submit every detail of the process of putting this gigantic water supply system to the voters. Bond issues, purchase of property, or the alternative of condemnation by the right of eminent domain, co-operation with other water districts in an effort to gain a Sierran source and supply of mountain water—all these matters will be submitted by referendum to the people of the proposed district.

### WORK OF MONTHS.

The first step to be taken next week is really the culmination of months and months of labor and thought and planning on the part of Mayor Frank K. McHugh and his advisors, the members of the Oakland municipal water supply committee. This committee, consisting of Ben H. Pendleton, former president of the Oakland city council and father of the famous Pendleton-Titus water rate agreement, which has saved Oakland consumers over \$1,000,000; George W. Gorman, city controller and president of the Oakland city council; and the first Oakland official to synthesize the question of water rate fixing in this city, and W. T. Veitch, a well-known business man of Oakland, whose sound judgment has been often tested, has been at work preparing for the circulation of these petitions for over a year. The water supply committee has been in conference with Consulting Engineer J. H. Dookweiler, with expert attorneys, as well as the staff of the Oakland city attorney's office, and has laid out the plan so that there may be no unnecessary delays and no false steps taken.

### PROTECTION TO ALL.

Protection is given the smaller communities to be incorporated in the water district by the method of presenting the petition for calling the election. Unless the petitions are signed by ten per cent of the voters of the last general election in each municipal unit in the district, the call will not be legally mandatory upon the board of supervisors.

The vote in the entire district involved at the last general election was about 100,000. The number of signatures necessary over all these signatures must be distributed in the following proportion over the seven communities and unincorporated territory as follows:

Number of signatures necessary in Oakland, 17,734; Berkeley, 44,444; Alameda, 21,734; San Francisco, 10,000; San Jose, 10,000; San Leandro, 10,000; outside territory, 50,000.

### BOARD OF DIRECTORS.

The board of directors of the proposed district will be composed of five directors elected at large by the voters of the entire territory, seven directors appointed to the board by the executives of the seven cities included and one by the unincorporated territory. The board will have full power to call bond elections, buy and sell realty, transact business and make all necessary contracts to operate such a district. The district government and administration will, however, be subject to the exercise by the electorate of the powers of the initiative, referendum and recall, making the water plant in reality the property of the consumers.

"It must not be thought that this project is directed against the Peoples Water company, or any other individual concern," explained Mayor Mott after the conference. "This is a larger plan than that, and is based upon a larger and more comprehensive policy. It is recognized today as an axiom in municipal government and economics that it is best for a community to control and operate its own water plant. It is best because it saves the consumer, because it insures the health and sanitary conditions of the community, and because it makes possible the protection of the community from fire risks and other dangers surer and cheaper.

"We have worked hard on this plan, and we think that everything is in readiness to go ahead with the project. We are committed to no particular line of action in the future. We may accept an offer from the private corporations in the field, on the vote of the people, or we may condemn what properties are necessary to us by the right of eminent domain.

"The creation of such a district is a necessary preliminary to going into such a project as the Hotch-Hetchy in any efficient and comprehensive manner. We are preparing as best we may for the larger needs of the future."

With the petitions will be circulated a booklet prepared by the mayoral committee, outlining the steps to be taken for the formation of the district.

**OBJECT OF THIS PETITION.**  
To create a water district within the area as outlined in the accompanying petition, and to enable the district to acquire within said area to obtain the benefits of a municipally owned water plant.

**AREA OF PROPOSED DISTRICT.**  
It is proposed to form a municipal water district to be called the Metropolitan Water District, which shall comprise the territory fronting on the east shore of San Francisco Bay, a line extending from the Contra Costa county on the north and town of Alameda on the south, the bay of San Francisco on the west, and the city of Oakland on the east, and extending to the bay. The town of Hayward is not included.

Other cities of Oakland, Berkeley, Alameda, San Leandro, Emeryville, Piedmont, Albany, also unincorporated territory, are included in the district. The water district will be divided into seven communities, one appointed from each of the seven communities, one appointed for the unincorporated territory.

**SKETCH OUTLINE OF THE STEPS TO BE TAKEN FOR ITS FORMATION.**  
To organize the district, and provide it with a board of directors, ten members, to be elected by the voters of the district, and a board of supervisors, one member from each of the seven communities, one appointed for the unincorporated territory.

The qualified electors of each city or town and of the unincorporated territory within the district shall be invited to the water district, to sign a petition signed by ten per cent of the voters of each city or town, and to submit the same to the board of supervisors of the city or town in which they reside.

The board of supervisors of each city or town shall be invited to submit the petition to the board of supervisors of the city or town in which they reside.

ing at which the same will be presented to the Board of Supervisors. Ten days to be given the County Clerk, after the presentation, to ascertain if the petition is properly signed. If properly signed, the Board of Supervisors shall call an election to be held in the proposed water district, of which shall be published at least four weeks prior thereto. If a majority of all the votes cast at such election is in favor of the formation of the district, then it is formed.

**SECOND ELECTION.**  
After the district is formed, a second election is held within 90 days after the organization of the district to elect directors. In addition to the elected directors each city or town in the water district appoints through its executive one director. If there is any unincorporated territory in the district, one director is appointed by the Board of Supervisors for such. The board of directors, and appoints three officers: the secretary, the auditor and general manager. The general manager of the district shall have the management, operation and construction of the water plant.

**MUNICIPAL WATER DISTRICT READY FOR BUSINESS.**  
The water district is ready for business from now on, and all its affairs are carried on by its board of directors. The directors have power to construct, buy, condemn or lease any water works property necessary for the water works.

Bonds are voted by the entire district in the same manner as bonds are voted for by cities—two-thirds of all the votes cast being necessary to carry a bond issue. The bonds so voted do not affect the bonding capacity of the cities, etc., within the district. The initiative, referendum and recall applies to all acts of the board of directors and all directors elected or appointed. The district will sell water at the same rate to each municipality within the district.

### PETITION FOR FORMATION OF METROPOLITAN MUNICIPAL WATER DISTRICT.

Petitions, which may consist of any number of separate instruments, will be grouped into eight divisions—one division for the unincorporated territory and one division for each of the municipalities, Oakland, Berkeley, Alameda, etc., etc., within the district. The initiative, referendum and recall applies to all acts of the board of directors and all directors elected or appointed. The district will sell water at the same rate to each municipality within the district.

Parties circulating petitions will be careful to see that petition is signed only by qualified electors resident in the district for which it is circulated. Any elector residing in the unincorporated territory in the district can sign the petition, and the work of the clerk of the Board of Supervisors will be simplified by the petition being reduced to a minimum.

### PRESENT CONDITION OF WATER SUPPLY.

The present water works plants, sources of supply and additional sources of water supply are all owned by private corporations. It is the policy of one of the private corporations, to-wit, the Peoples Water Company, to require the property owner who wishes to lay a pipe in front of his house, to pay for the extension of the pipe to the water company's plant, and after paying for said improvements, if such improvements are made, he is called upon to pay interest upon said improvements through water rates.

### ADVANTAGES WHICH THE PROPOSED WATER DISTRICT WILL BRING.

Each city or town in, if it cares so to do, may separate itself from the district and collect its own water rates, etc., and thus each city will have its own municipal water plant, receiving water at its own town limits from a joint municipal plant (to-wit, the district).

The district plan enables the carrying of a water supply project which is financially impossible for any one city within the proposed district. It will not impair the bonding capacity of any city, and besides being a benefit to the district, except such bonds as each city will issue to buy or build the distribution system which lies within its limits.

Under present conditions the work of construction costs the private companies more than it will the district in two ways: The district can borrow money on bonds at a less rate than the companies can; also the district can dispose of its bonds at 20 per cent, while the companies are seldom able to do so; as they are compelled to submit to heavy discounts and commissions.

It will improve the water system by additions and enlargements. It will lay larger pipes, thus giving more water and greater pressure. It will place more fire hydrants, thus affording increased fire protection.

It will enable the community at large to share in the increase in the value of the properties of the water plant without being charged for said increased values in water rates. Increase of population means increase in value. Each additional inhabitant is an asset, as all require water.

It will do away with the uncertainties of water rate suits and it will save to the water rate payers and taxpayers the litigation expenses incurred by both the watered city.

In addition there is a moral effect which cannot be overestimated. The men whose energies have built up the water plants, and who now, by virtue of the differences existing over rate fixing and other matters, are with their friends on one side, while the general mass of the rate payers and the city government are on the other side—in two hostile camps—will be united so that the joint efforts of all can be utilized in the rebuilding and enhancement of the district.

A water district is no untried experiment. The Metropolitan Water District, which supplies the cities of San Francisco, Boston and nineteen adjoining communities with water.

The Marin Municipal Water District, which supplies the city of Sausalito, has been formed and has elected its board of directors, during this year.

### IF YOU ARE BALD YOU ARE 'BRIGHT,' MAYHAP

LOS ANGELES, Aug. 28.—Within 900 years there will be scarcely a hair on any woman's head in the United States. Men will lose their hair inside of 300 years.

"The development of the brain power of the human race will precede the loss of its hair."

"Baldness will be the fashion, and for a man or woman to show as much as a wisp of hair will be a reflection on his or her intellect."

"Baldness is predominant among the Americans and French because they are brighter and of quicker intellect than any of the other nationalities."

Dr. Wells is of the opinion that the brain development leads to baldness and that many brilliant women of today are bald, except for the wig they wear, because it is the fashion to have hair.

"The time will come when baldness will be predominant and the fashions will change and it will be the correct thing to be bald. Then women will discard wigs."

**ARE EVER AT WAR.**  
There are two things absolutely at war in the world, and that is, Baldness and Hair. Baldness is the enemy of Hair, and Hair is the enemy of Baldness. Baldness is the enemy of Hair, and Hair is the enemy of Baldness.

## AMERICANS ANGRY AT MAZA RELEASE

Cuban Who Attacked Yankee  
Diplomat Released on  
Light Bail.

HAVANA, Aug. 30.—Great indignation in American and foreign circles was caused by the release again of Enrique Maza, the newspaperman charged with assaulting Hugh S. Gibson, the American Charge D'Affaires. The judge let him go on bail of \$500, the lowest amount demanded even in a case of common assault.

During the morning of the day he assaulted Mr. Gibson, Maza went to a fencing school and practiced for an hour with the sabre, telling the fencing master he intended to do something that night which would provoke a duel.

**UNCLE'S IRE UP.**  
WASHINGTON, Aug. 30.—The United States will insist that adequate punishment be meted out to Enrique Maza, Cuban newspaper reporter, who assaulted Hugh S. Gibson, the American Charge D'Affaires at Havana.

## FIREMEN BURNED FIGHTING FLAMES

Captain and Two Men Victims  
of Gasoline Explosion  
During Fire.

LOS ANGELES, Aug. 30.—Captain T. L. Gentry of Engine company and two of his men, R. Hamley and R. W. King, were seriously burned when five cans of gasoline exploded while they were fighting a fire in a barn used as sleeping quarters by Italians at 1523 East Twelfth street, at 1 o'clock, this morning. All were compelled to jump from the second story, and besides being severely burned, received minor injuries in jumping.

The police believe the fire was incendiary. Twenty men were asleep when the flames broke out, but all escaped.

## PAJARO APPLE MEN UNITE FOR PROTECTION

WATSONVILLE, Aug. 30.—In order to protect themselves both against the railroad and the middleman, the local packers and shippers have formed an organization which already contains more than 80 per cent of the applemen of the Pajaro valley. In order to retaliate upon the Southern Pacific Company for its refusal to grant an emergency freight rate for the coming season to the markets of the East, the new organization has empowered a transportation committee to determine the routing of all shipments during the next few months. This committee will see that the Southern Pacific gets just as little freight as possible. The routing will be so fixed that all apples will be transferred to some other line at the nearest junction point.

Mrs. M. E. Brown, 4 Lucerne Ave., apt. for Spirilla Corset Co.

## "Dependable" SUIT VALUES

**\$19.50** At this price we offer a remarkable value in a "well-built" garment. It is made of good, "dependable" quality, mannish mixtures and tweeds in solid colors; also of invisible hairline materials, in new full tailored models. Colors—medium gray and dark tan and navy.

## NATIONAL RESERVE PLAN IS URGED BY BONYNGE

Former Congressman Declares That It Is  
Remedy for Money Ills

SALT LAKE CITY, Aug. 29.—Former Congressman Robert W. Bonyngue, of Colorado, in discussing the reform of our banking and currency laws before the House Committee on Banking and Currency, declared that the American people soon would insist upon removing the stigma of being a financial nuisance among the world powers and would demand a comprehensive banking system.

"We could not, if we would," he said, "ignore the fact that we now have 25,000 independent banks which are furnishing banking facilities to the communities in which they are located."

"The Reserve association would not in any way compete with existing banks, but would be organized to perform the duties which the local banks cannot perform. The plan is not revolutionary. It is altogether evolutionary."

"It would in fact be an extension of the clearing house principle with which we are all familiar. The Federal Reserve association, seemed to us to furnish an excellent model, which we could adapt to the general affiliation of the units of our banking system that would be in strict harmony with out political and social conditions."

"We decided that such an affiliation of the banks of the country properly organized, so as to be absolutely impossible its control for selfish purposes by any section of the country, or any group of individuals, however powerful, might be successfully accomplished, and with only such powers given to it as would enable it to discharge certain national duties in finance that cannot be performed by local banks, would accomplish for the finances of the country what the national government has for its political and governmental interests."

**BANKING ASSOCIATIONS.**

"In a general way, the plan provides for a combination of the independent units of our banking system into what is known as 'local associations.' Those local associations in turn to be formed into district associations and those district associations combined to make up the National Reserve association of the United States."

"The district associations would be 15 in number. The entire country would be divided into 15 districts around 15 of its commercial centers. Each district there would be a branch of the National Reserve association. There would be one district and one branch in the New England States, two in the eastern four in the middle western, four in the southern, and four in the western United States. The only stockholders in the association would be the banks of the country."

"What the stock would be absolutely non-transferable, so that it could not be acquired by any ambitious financial interests."

"As the entire plan is built upon

maintaining the independence and integrity of the individual banks of the country, a most drastic provision has been inserted in the measure to accomplish that purpose.

"It is to the effect that if the capital stock in each of two or more banks belonging to the same local association is owned directly or indirectly to the extent of 40 per cent thereof by the same person or persons under any form of organization, either as a partnership, corporation, or otherwise, such banks shall not be entitled separately to vote as units, but all of them together shall constitute only one unit and vote accordingly."

**GOVERNMENT DIRECTORS.**

"It is proposed that there should be 48 directors of the National Reserve association. Out of the 48, seven should be what might be termed government or ex-officio directors.

"They would consist of the secretary of treasury, the secretary of the department of commerce and labor, the secretary of agriculture, and the comptroller of the currency, to whom would be added the governor and two deputy governors of the Reserve association. The governor would be appointed by the board of directors. Thirty directors out of the total of 48 would be selected from the 15 district associations, one from each district to represent the banks, and one to represent the agricultural and business interests of each district."

"The Reserve association would act as the fiscal agent of the national government, the secretary received by it would be deposited with the Reserve association through its branches, and disbursements made by the government would be through checks drawn on the association."

"We would no longer have a large amount of money withdrawn from the channels of trade and locked up in the national treasury. The government would not receive interest upon those deposits. It is provided that the stockholders of the Reserve association should never receive a dividend of more than five per cent in any one year."

**FOR BENEFIT OF PEOPLE.**

"All profits over and above that amount after the accumulation of a proper surplus would be paid into the treasury of the United States government for the benefit of all the people. The government would thereby receive much greater return upon its deposits than it possibly could by way of interest on its checks."

"The chief function to be performed by the association and that in which the business men of the country are most vitally interested is that it would be authorized to redempt its several branches, for the banks of the country, the first time commercial paper is such banks. It would thus act through its branches as a great national clearing-house for the credits of the country."

## OAKLAND GARBAGE VESSEL FOUNDERS

Schooner Lillebone Sinks. Carrying Member of Crew to Bottom.

SAN FRANCISCO, Aug. 30.—The schooner Lillebone which had been converted into a garbage scow and was making its first trip to sea with a cargo of Oakland refuse, turned turtle yesterday off Point Bonita and went to the bottom. The vessel, a 100-ton schooner, was owned by W. J. Woodside, owner of the Lillebone, and Captain George Bears, marine superintendent for C. A. Hooper, were picked up from the wreck by Captain L. H. Crowley launch No. 1 and the life saving crew from Point Bonita.

The accident occurred at 2 o'clock p. m. The Lillebone, in command of Captain Thomas Anderson, was in tow of the tugboat "Lillebone" when it was struck by a large piece of lumber, which had been blown off the pier by a strong wind. The vessel was holed and began to sink. The crew, including the captain and a few others, were seen to struggle in the water. The tugboat "Lillebone" was unable to reach the vessel in time.

A few minutes before the schooner capsized the well was sounded and showed no sign of life. The vessel was directed to the bottom by the tugboat "Lillebone" which was in tow of the schooner. The vessel was holed and began to sink. The crew, including the captain and a few others, were seen to struggle in the water. The tugboat "Lillebone" was unable to reach the vessel in time.

When the Lillebone went down Crowley launch No. 1 was at Point Bonita with a barge which Captain Clarke at once abandoned and hastened to the rescue. At least two of the Lillebone's crew were taken to the hospital. The vessel was holed and began to sink. The crew, including the captain and a few others, were seen to struggle in the water. The tugboat "Lillebone" was unable to reach the vessel in time.

The men saved were Captain Thomas Anderson, Arthur E. Eldo, Gus Jacobson, John Gunnison and August Hest. Woodside, owner of the Lillebone, is C. A. Hooper's partner in the garbage contract. About \$8000 was spent in fitting the Lillebone for this work. There was no insurance.

**GRACIOUS, WE MAY HAVE IT AND NOT KNOW IT**

SACRAMENTO, Aug. 30.—Two new cases of poliomyelitis were reported to the state board of health today. They are in San Bernardino and Pasadena. There are now 325 cases in the state which have been reported since the beginning of the year.

**Every Child Should Be Given This Tonic**

When children have no appetite; when they are continually peevish and irritable, when they are restless in their sleep, it is almost a certain indication that their digestive organs are weak.

or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time, and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.

For children, Javne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites but completely removes the nests in which their young are deposited. Freedom from these parasites and the improvement in the health of the child will be the first and best indication of the beneficial nature of this medicine. Verily will the Vermifuge drive out the parasites and the child will be free from the trouble.

## TESTIMONIAL TO JOHN MORRISSEY

Retiring Manager of Orpheum Theater Is Presented With Chest of Silver.

SAN FRANCISCO, Aug. 30.—Pleasure loving San Francisco, especially that portion of it enjoying membership in the Elks lodge of Elks, last night gave testimony of its appreciation of the efforts of the retiring manager of the Orpheum theater, John Morrissey, by presenting him with a large chest of silverware. The chest, which was presented to him by the Elks lodge, was a testimonial of the appreciation of the efforts of the retiring manager of the Orpheum theater, John Morrissey, by presenting him with a large chest of silverware.

As a material expression of the kindly feeling entertained for John Morrissey by his fellow members of the San Francisco lodge of Elks, 600 and more members of the lodge, who were present at the Orpheum last night, presented him with a large chest of silverware. The chest, which was presented to him by the Elks lodge, was a testimonial of the appreciation of the efforts of the retiring manager of the Orpheum theater, John Morrissey, by presenting him with a large chest of silverware.

Kohler & Chase announce the opening of their new permanent

## BARGAIN ROOM

The number of instruments we are taking in exchange on Pianola Pianos and Grands is rapidly increasing. In addition, our growing business means more sample pianos, more damaged and rental pianos and player pianos to dispose of. Hence, we have determined to open a permanent "Bargain Room" in which will be conducted a permanent clearance sale of these instruments. The purpose of the "Bargain Room" will be to dispose quickly of the many instruments received from the following sources:

1. Instruments taken in exchange.
2. Instruments returned from rental.
3. Instruments damaged in transit.
4. Sample pianos and player pianos.
5. Shopworn instruments in stock over 6 months.

The "Bargain Room" will, of course, contain both new and used pianos, and the prices will be at all times the lowest in Oakland.

It will be the fixed policy of this "Bargain Room" never to be undersold, and we shall always invite a careful comparison of prices with the "sale prices" of others, for the prices in our "Bargain Room" will always be the lowest.

As is the case throughout our establishment, every instrument will be tagged with the lowest price marked in plain figures, every purchaser will receive the benefit of Kohler & Chase service, and our policy of Satisfaction or Money Returned will be followed out strictly to the letter.

In addition to the price tag, there will also be found on each piano an accurate history of the instrument so far as we know it.

Space here does not permit the listing of the instruments displayed at the opening of our "Bargain Room," but we assure you that the bargains on display now at this opening will establish a record. We particularly call your attention to the following instruments, which must be seen to be appreciated:

Pianola	\$50.00	\$5.00 per month
Wheelock	\$215.00	\$6.00 per month
Chase Bros. Mahogany	\$135.00	\$6.00 per month
Weber	\$195.00	\$6.00 per month
Fischer Grand	\$435.00	\$10.00 per month
Richmond	\$150.00	\$6.00 per month
Fischer Mahogany	\$185.00	\$6.00 per month
Chickering	\$210.00	\$6.00 per month
Kingston	\$145.00	\$6.00 per month
Winthrop	\$165.00	\$6.00 per month
Salvator	\$170.00	\$6.00 per month
Kohler & Chase	\$210.00	\$6.00 per month
Blasius	\$245.00	\$6.00 per month
Aeolian Player	\$245.00	\$6.00 per month
Chilton Player	\$390.00	\$10.00 per month
Fischer Mission	\$300.00	\$6.00 per month

No "Bargain Room" pianos reserved; the first actual purchaser may buy any unsold instrument

1913 styles of Pianola Pianos, Weber, Knabe, Fischer, Vose and Kohler & Chase pianos in Grands and Uprights have arrived.

## BOOTH ESTATE IS BUT \$2440

Excepting for Money Left Him for Private Use, General Had Little.

LONDON, Aug. 30.—A summary of the will left by the late General Booth was made public today. All the properties held by him at the general of the Salvation Army and all like public trusts, both real and personal, including copyrights, are valued in his successor as general for the time being, of the Salvation Army, to be held by him "upon trusts affecting same."

By a codicil his small private property, having a net value of approximately \$2440 he gives to the Salvation Army with the exception of certain private papers and memoranda which are given to his eldest son, Bramwell, and a few articles, chosen himself, which are given as mementos to each of his children and his children-in-law.

Another codicil deals with property estimated to value \$28,475, representing moneys settled on him many years ago by the late Henry Reed for private use. It was this provision which enabled him to draw no stipend nor remuneration of any kind from the funds of the army. This is divided among his children, Bramwell, Catherine, Marian, Herbert, Eva and Lucy. Bramwell Booth is appointed executor of the will.

Stevens appeared at Ferndale on July 4 with a ball team from Fort McDowell. He made the acquaintance then of Miss Margaret Clacklin of Ferndale. About a fortnight ago Stevens came to Ferndale and joined a ball team under the name of O'Brien. Two days ago he was married to Miss Clacklin. He was locked up in the county jail pending word from Fort McDowell. His bride tearfully declared her intention of going to Fort McDowell with Stevens if the authorities there send for him.

**UPTON SINCLAIR SUED FOR DEATH OF MAN**

NEW YORK, Aug. 30.—Justice Anshelm in the Supreme Court is Brooklyn signed an order permitting Mrs. Mary Martin to serve a summons and complaint upon Upton Sinclair in connection with the publication of the book "The Jungle." The action is for \$25,000 damages for the loss of the life of her husband, who died of typhoid fever.

Stevens appeared at Ferndale on July 4 with a ball team from Fort McDowell. He made the acquaintance then of Miss Margaret Clacklin of Ferndale. About a fortnight ago Stevens came to Ferndale and joined a ball team under the name of O'Brien. Two days ago he was married to Miss Clacklin. He was locked up in the county jail pending word from Fort McDowell. His bride tearfully declared her intention of going to Fort McDowell with Stevens if the authorities there send for him.

## AFRICAN PRINCE IN TERROR AT ELEVATORS

SAN FRANCISCO, Aug. 30.—Prince Sultan bin Masor el Lanki, who will be ruler some day in one of the great East African provinces, arrived in San Francisco yesterday on his way to Japan. He is 47 years old and on his first journey outside his native country. He is accompanied by an interpreter and is in a constant state of terror at things American. He can't abide elevators and looks fearfully upon tall buildings. The Prince went to the Fairmont Hotel for a few days. He dresses in ill-fitting clothes.

## NATURE LOVERS TO INVADE BIG BASIN

SAN JOSE, Aug. 30.—Completion of arrangements was announced in this city today, for an excursion of nature lovers into the Big Basin, Redwood Park, on September 8, at which time the Semper-virens club of California will be host. Andrew P. Hill Jr. of this city, president of the club, is in charge of the arrangements. He said, tonight, that nearly all the hotel accommodations have been spoken for and that he expects a big crowd.

## WHAT S.S.S. STANDS FOR

The familiar letters, S. S. S., stand for Swift's Sure Specific, a name honestly and fairly earned by a great blood remedy. The majority of physical afflictions are caused by bad blood, because a weak, polluted circulation deprives the system of its necessary strength and disease-resisting powers.

S. S. S. cures every disorder which comes from weak or diseased blood. It tones up and regulates every portion of the system, and creates an abundant supply of nourishing properties which permeate the circulation and bring health to the body. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, which are also possessed of great tonic properties. It does not contain a particle of mineral or other harmful drug, and is therefore the purest and safest blood medicine for young or old. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Malaria and all other troubles of a deranged circulation. Book on the blood and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

### Faithful Service Must Be Rewarded.

If faithful, intelligent and efficient service by a public representative is entitled to recognition by the voters of Alameda county, and it certainly is, it is pre-eminently due to John F. Mullins, chairman of the Board of Supervisors. Supervisor Mullins has unwaveringly and uncompromisingly stood for an honest and economical administration of the affairs of Alameda county during the four years he has been a member of the board. With the keen interest of an intelligent and clear-headed business man he has quickly detected and promptly foiled every attempt at grafting made by those who had from long experience become experts in that nefarious line of business and had come to regard the county treasury as legitimate prey and personal emolument as the just reward of office-holding without regard to the character of the service rendered to the public in return. He has, of course, made enemies thereby of County Clerk Cook and his gang of unconscionable tax-eaters and they are, consequently, particularly active now in their efforts to defeat Mullins' candidacy for re-election.

The activities of the gang against Supervisor Mullins at the present time are not surprising. But the fact that they exist should stimulate every honest voter in Mullins' district to rally to his support and assure his re-election at the coming primary. If they will perform their bounden duty toward him, there will be no question about the result. The casting of a second ballot at the general election in November will be unnecessary.

To say that Supervisor Mullins has honestly and intelligently served his district and the county at large during his term of office is putting the case mildly. He has, indeed, been an invaluable agent in reforming the administration of the affairs of the county in every particular. Official sinecures and incompetents he has mercilessly eliminated from the county's service and thus stopped a big and unwarranted drain on the county treasury. The money saved from this source has been turned to good account in the production of results of real value to the county. He has elevated the morals of Alameda county by his successful efforts to abolish its deadfalls. But in everything tending to advance the best interests of Alameda county he has always been found in the van of genuine progress and improvement and good government. No member of the Board of Supervisors has made a better record for industry, honesty and efficiency. Ever watchful to prevent waste in public expenditures, he has been keenly alive to aid improvements of real value to the county. He has always raised his voice and cast his vote for the right at the opportune moment.

It will be a serious misfortune to Alameda county not to re-elect Mullins. It is not doubted that he will be re-elected; but the old gang is making such a vigorous effort to prevent it that it is only a matter of prudence on the part of the friends of good government to evince the same determination, so that the gang's purpose shall be surely defeated at the primary election. All depends on the zeal and earnestness of the voters of the district. They are hurrying loudly today for Mullins; but it is their votes which must count in the final struggle at the polls. Supervisor Mullins' re-election should never be placed in doubt and jeopardy for a moment. If those in his district who believe in honesty and fidelity to every trust reposed in a public official rally to his support there will be no question of the success of the candidacy of Supervisor Mullins. He must be re-elected to prevent the control of the county's administration falling into the hands of the old gang again.

### Knowland Sentiment in Adjacent Counties

Interest is almost as keen in Contra Costa and Solano counties in the Alameda Congressional campaign as it is in this district. The people of those counties are anxious to see Mr. Knowland re-elected. He has represented them for eight years and has served their interests with diligence and success. They want him to stay in Congress because they know that they can depend upon him to lend a helping hand whenever they want anything done.

Mr. Knowland has proved himself a valuable friend of the Mare Island navy yard. He has stood staunchly for the policy of building government ships in the government yards and equipping the yards to do all kinds of work. The government ship launched at Mare Island the other day is an evidence of the zeal and capacity with which he has urged this policy. The business men of Vallejo feel very grateful to him for the service he has rendered the navy yard, which contributes so much to the prosperity of their city. As long as Mr. Knowland remains in Congress they know they will have a friend to count on. Hence their anxiety to see him re-elected.

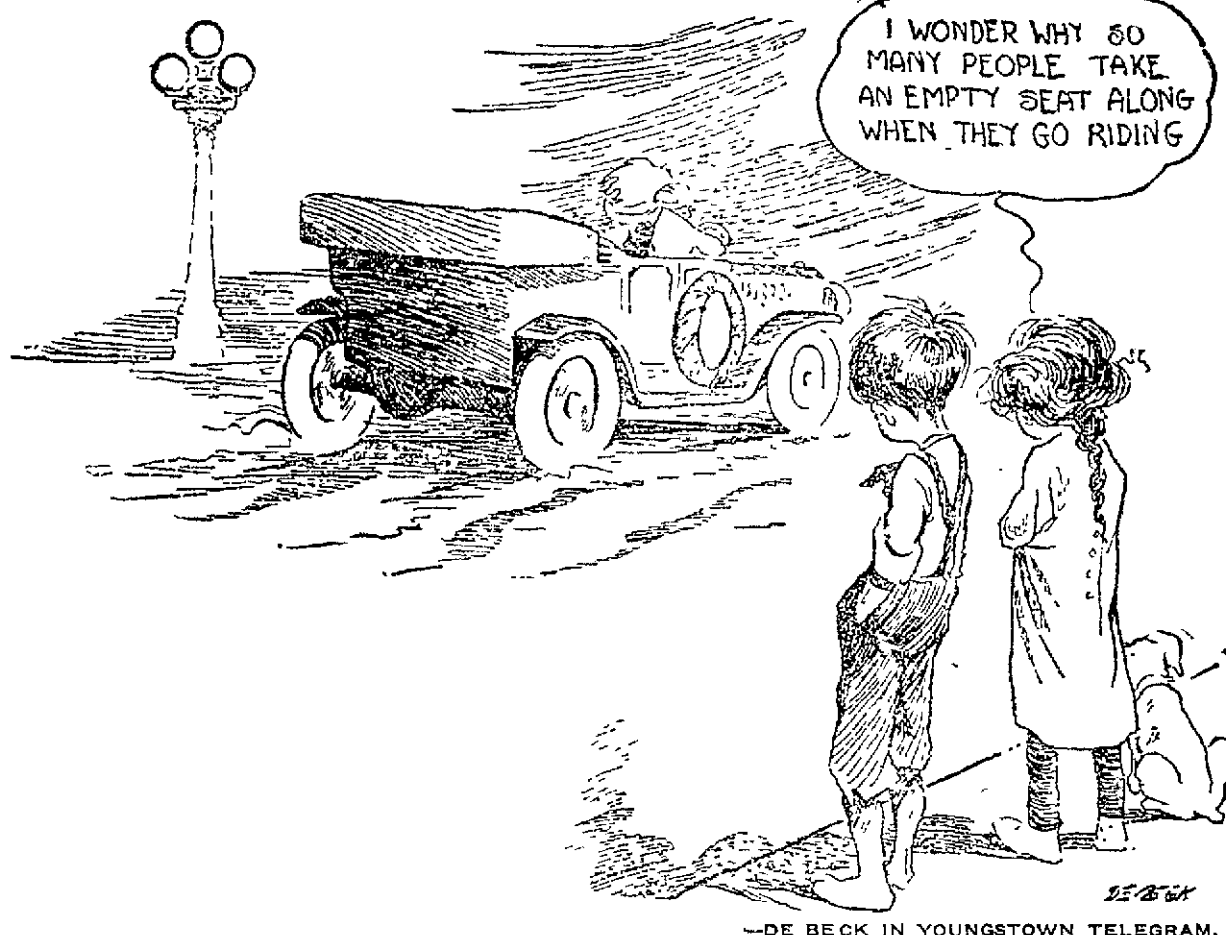

In Richmond an equally strong and friendly interest is felt in Mr. Knowland. He is a friend of Richmond harbor, and the people of Richmond want government aid to develop it. As an influential member of the Interstate and Foreign Commerce Committee, he can be of great service in the future. They can rely on him as implicitly as they have relied on him in the past. They know that any worthy California interest can claim his interest and aid and they have had abundant proof of how effective that aid can be.

This sentiment expresses the confidence Mr. Knowland has inspired. The people of Contra Costa and Solano counties have loved him and know his worth, and hence wish him success because his success in this campaign will be to their advantage and to the advantage of the whole State of California.

### Reason Indicating Loyalty.

The members of the San Francisco Republican County Committee who bolted and joined the Bull Moose party have charged their colleagues who remained true to their party with treason and usurpation, and propose to expel them as traitors. The proposition would be hilariously funny if it were not so rankly inhumane. After deserting from the Republican party and denouncing it as unworthy of public trust, these worthy gentlemen claim to be the executive body of the party they repudiated, and charge the men who have remained true to it with treason. Faithfulness to party and the obligations they assumed when they took the office of committeemen is to be punished as a crime. It is an accord with the character of this shameless proceeding that it should be taken by direction of Meyer Lissner and that Tom Sawyer should be the directing hand. Disloyalty presuming to punish loyalty is a trick that we believe has never heretofore been attempted. But it is worthy of the men who have undertaken it in this instance and the bogus character of the reform movement which they head.

### THE EMPTY TONNEAU

—DE BECK IN YOUNGSTOWN TELEGRAM.

### Honest John Ellsworth's Successor.

With the retirement of Superior Judge John Ellsworth from the bench at the close of his present term which rounds out a long series of years of service, District Attorney William H. Donahue is a candidate to succeed him and no member of the Alameda County Bar qualified to occupy a judicial position in the Superior Courts of Alameda county is worthier by virtue of his learning in the law or more competent by trained intelligence and experience in its practice. He enjoys the unqualified confidence of every reputable practitioner at the bar of Alameda county and the highest respect of its judiciary for his thorough knowledge of the letter and principles of the law and the clearness, courage and inflexible honesty he has always manifested in his interpretation and exposition of it.

Mr. Donahue had made such a splendid record as Deputy District Attorney under Everett J. Brown that, when the latter was elevated to the Superior Bench, he was chosen without opposition as Judge Brown's successor to the District Attorneyship and subsequently re-elected to succeed himself. Every expectation of his most sanguine friends and supporters has since been fulfilled. Not a murmur of complaint has ever been heard from any source against the manner in which he has performed the responsible duties of the District Attorneyship since he was installed in this important office.

District Attorney Donahue possesses the judicial temperament in an eminent degree, which peculiarly fits him for a place on the bench. He possesses all of the qualifications essential in an occupant of a seat on the bench. He will be an ornament to the Superior Court of Alameda county. His candidacy to succeed Honest John Ellsworth meets with the general approval of the people and receives the endorsement and support of the members of the bar in Alameda county practically unanimously. He will administer justice even-handedly when he takes his place on the Superior Bench which it may be said confidently he is pre-ordained to occupy, for he will undoubtedly be elected to the position by an overwhelming majority at the coming primaries, as the people of Alameda county have unbounded confidence in his integrity, judgment, ability and untiring industry and devotion to his profession. Alameda county has been remarkably fortunate in the past in the selection of its judges and it can make no mistake this time in elevating District Attorney Donahue to the bench. The bigger the majority cast for him at the primary election the more it will be to the credit of the voters of Alameda county.

### Bardolph Endorses Pistol.

Harry S. Anderson, Commissioner of Public Works by grace of Jack Cook, comes forward to endorse Jack Cook's candidate for Supervisor, R. S. Kitchener. He says, says he, "I stand behind Raymond S. Kitchener unreservedly and unequivocally." Yes, and behind him Jack Cook stands unreservedly and unequivocally. That is the trouble with the whole aggregation. It is all Cook's meat and that spoils the broth.

In giving his valuable endorsement to Kitchener, Anderson showers himself with bouquets. He needs perfuming. Something sweet-smelling is needed to counteract the ancient and fish-like odor which arises from the school-house job. He takes occasion to say that he stands for "the right people as far as it is within the range of human capability to determine who will best serve the interests of the city."

Donovan, for instance. Citizens generally will hardly wish to see county affairs managed in the way Anderson has managed the business of erecting the new school-houses for which bonds were voted nearly two years ago. Not a brick has been laid on one of them. The taxpayers are paying interest on money lying in bank while the so-called expert Anderson foisted on the city is drawing large sums from the city treasury for preliminary sketches which are about as valuable as photographs of the kennels in a dog show.

Of course Anderson endorses Kitchener. No doubt Kitchener will endorse him. Both represent Jack Cook. The people want somebody to represent them.

On August 22 the Enquirer printed an editorial under the caption "Men Who Have Been Faithful to Their Trust Should Receive Undivided Support of Voters" urging the re-election of members of the Legislature who did their duty and made a good record. But the wholesome rule the Enquirer advocated in that instance is reversed when it comes to the Supervisors. That journal urges the voters to turn out capable and honest men who have done their duty and replace them with creatures of Jack Cook. No need to ask the reason why. The Enquirer is the recipient of Cook's official patronage.

### Twenty Years Ago Today

A farewell reception is tendered the Rev. Dr. Dille, who leaves the pastorate of the Methodist Episcopal Church for other fields.

The experimental salt water plant at Alameda is to be placed in operation within a month.

H. C. Taft has gone on a business trip to Chicago.

The watermelon party of the N. B. E. O. club takes place this evening. Mrs. H. Bendel will be president for the evening.

The Evolution club met last night in Berkeley. President Charles Keller delivered the opening address.

Gilbert and Sullivan's famous opera, "Pirates of Penzance," is being played at the Auditorium. The cast includes Alice Neilson and Louis Mader.

"Peck's Bad Boy" is holding the boards at the People's theater.

Colonel Robinson, owner of the Oakland League team, threatens to disband the players, because the Los Angeles manager was permitted to steal the star local battery.

The bay cities are in the midst of an Asiatic cholera scare, and the boards of health are warning the people to take unusual means of preventing contagion.

J. B. Leankree, a member of the county committee, has returned from a trip to Auburn.

Firm D. Hinds is in the fight for Sheriff. He wants that office and nothing else.

R. B. Tappan is making a hot fight for the Assembly from Alameda.

Marcus D. Hyde says that he is not looking for any office this fall.

### WITTY BITS

Among other things to which Woody Wilson would like to apply downward revision are some of those deeply philosophical books he wrote when he was a boy.

The manufacturers who are complaining that current female styles have closed their petticoat factories should get their machinery busy turning out Turkish towel hats—Washington Post.

With the government shipping \$120,000 to El Paso for the support of refugees within the past two days, it is beginning to be apparent to the rest of the country just how profitable these Mexican revolutions really are.

The director of the Philadelphia historical pageant is looking for a one-legged descendant of Peter Stuyvesant to represent the old governor in the parade. We presume the hospital expenses will be paid if one can be found who is willing to sacrifice a limb.—Washington Post.

### Pointed Paragraphs

Money that works beats money that talks.

One touch of fashion makes a lot of women kin.

A man seldom keeps the promises he makes to himself.

A man may have a swelled head without having a broad mind.

When a woman is singing she isn't talking about her neighbors.

Some people are satisfied with the glitter even if it isn't gold.

The angel a man marries is apt to shed her wings a few days later.

After a man has reformed it keeps him busy trying to live down his past.

Patronizing doctors and lawyers come under the head of buying experience.

It is a great deal easier for the average man to build a castle in the air than it is for him to nail a board on his fence.—Chicago News.

### Perpetual Inspiration

Oh, scribble with the cynical pen. Pursue of humorous chatter. Let us pause and reflect now and then On a perfectly serious matter: The man whom you love to deride—How much to him are you beholden! Will you slaughter the geese in your pride Who lay the eggs that are golden? Whatever he says in a speech Or does for his own relaxation Is a topic placed promptly in reach Of the wit and the wiles of the nation. He adds to our intellectual bliss, And let us unmercifully hiss him. He is a good fellow, a good fellow, A good fellow to do business without him!—Washington Post.

### Justice Against San Francisco.

The Sacramento Union makes the following comment on San Francisco's scheme to annex her neighbors:

"It is probable that Greater San Francisco will not become an actuality until the present generation on the eastern side of the bay has been gathered to its fathers. The conclusion is derived, not merely from a perusal of the Oakland, Berkeley, Alameda and Richmond newspapers, but from the expressions of citizens.

"Undoubtedly it adds to the prestige of that section of California to have the largest city in the State, an honor at present gravely threatened by Los Angeles. Absorption of the transbay cities, with their more than a third of a million population, would assure to San Francisco this rank for another generation, but the ties that bind the suburbs to the metropolitans are rather watery.

"It seems to be the desire of the transbay cities to work out their own salvation even if they must coalesce on their own side of the harbor.

"Besides local pride, the chief reason given by the people on the hitherward shore for not coming under the wing of the city of the hundred hills is that they would be compelled to share in a heavy indebtedness without having enjoyed any of the advantages of the money expended. San Francisco is heavily bonded. A Berkeley paper even goes to the extent of declaring that the plan of the Greater San Francisco Consolidation association is the 'boldest buccaneering scheme in history.'

But San Francisco is asking the voters of the State to amend the State constitution to further her scheme. Will they do it? The annexation amendment to be voted on in November will, if ratified, enable San Francisco to force elections on the contiguous towns whenever she sees fit. The cost of holding such elections will be assessed in part to the towns whose municipal independence is attacked. They will be colonized by the San Francisco annexationists, who will spare no expense and stop at no trick, however dishonest and contemptible, to carry their point. They are asking the voters of the State to put in their hands a burglar's jimmy which they propose to use in breaking into their neighbors' houses. Will the people of the State at large commit the injustice of exposing the inhabitants of Alameda, Contra Costa, Marin, San Mateo and Solano counties to annexation raids plotted in San Francisco?

The constitution at present protects these counties from dismemberment and spoliation. It should not be amended to remove this protection. It will not be amended if the people of the State are alive to the peril and wrong the annexation amendment involves. That amendment was conceived in greed and fraud and was foisted on the ballot by the unscrupulous use of money. The initiative and referendum is being prostituted to open to unjustifiable attack the inhabitants of the five bay counties San Francisco desires to dismember.

It should not merely be voted down, but voted down by a majority so tremendous that it will not be presented again in a hurry.

The Michigan primary shows that the so-called Progressive movement is flattening out in the Middle West. It is disintegrating in all the States east of the Rocky Mountains. The Bull Moose circus is taking its proper place as a side-show.

## MEETING HELD BY DOWNTOWN CLUB

Members Speak of Good Work  
Which Organization  
Can Do.

A largely attended meeting of the Downtown Improvement Club was held at the Hotel Crellin last evening. Committees were named by the president of the club, Louis Aber, after which a general discussion of what the district needed was gone into. Among those present who spoke encouragingly about the advantages and opportunities to be taken by the club were Father Dempsey, H. F. Selzer, J. Fantusky, R. J. Ryker, E. R. Derge, Lee Bertillon, George Fitch, all expressing the opinion that this club could do a great deal for Oakland, and especially that part which this club proposes to improve.

## MANY STUDENTS FOR ST. MARY'S

Improvements in School Will  
Greet Scholars at Opening  
September 3.

With the reopening of the fall semester at St. Mary's College scheduled for next Tuesday, September 3, applications for entrance are daily pouring into the hands of Brother Xenophon, the registrar. To date upward of 150 have been received, with positive assurances of a matriculation of that number. Preparations for the reception of old and new students next Tuesday have been under way for the past month. New classrooms and a marked improvement in sanitary conditions are some of the innovations completed during the summer vacation.

But one change has been effected in the faculty of the local college. Brother Luchas, for the past year an instructor in the English department, has been named head of the high school department, succeeding Brother Vincent, who will be stationed at the Christian Brothers' College in Sacramento.

## BOULDERS IN BUZZARDS BAY ARE BOTHERSOME

WASHINGTON, Aug. 30.—Boulders in Buzzards Bay are bothering the coast survey service and arrangements are being made for a thorough examination and charting of the place. The rocks were found by using the sounding lead and the survey has ordered a wire drag to be sent to the ocean bed. The government expects the increase in shipping from the opening of the Cape Cod canal in 1913 to be great and the plans contemplate completing the location of all these harbor barriers before that date.

## Is This Why English Beauties Are So Fair?

(From London Herald.)  
Ever since the discovery that mercurized wax would absorb and remove a spoiled complexion, its use by ladies as a substitute for toilet creams has grown rapidly. A perfect complexion is maintained indefinitely if this remarkable substance is used. Its beneficial cleansing, clearing and preservative action is quickly apparent, and ladies who have been paying as high as a guinea a jar for "special cream" from beauty specialists, soon recognize that mercurized wax outranks them all. It has become so popular that it can be obtained at all chemist shops in the British Isles. American beauties also have great demand for it, in original one-ounce packages. The favorite way of using it is to apply it, like cold cream, before retiring, washing it off in the morning. The axolite lotion for wrinkles and the facial contour has also become extremely popular. One ounce powdered axolite is dissolved in one-half pint witch hazel. Rubbing the face in this has a splendid effect.

Alameda Delegation to N.  
S. G. W. Convention.

Elaborate preparations are being made by E. F. Garrison, chairman of the Alameda county parlor's general committee for the celebration on Admission day in Stockton, when 2000 native sons of the Golden West, representing the various parlor's of the state will join in the grand parade throughout the principal streets. All of the Alameda parlor's will leave this city on a special train over the Western Pacific the morning of September 7. The celebration will be held September 7, 8 and 9. There will be considerable interest in the campaign which is to be waged for next year's celebration in Oakland and the Native Sons and Daughters of this locality are prepared to set forth their best efforts to defeat the other cities. The September 9 committee has been meeting weekly and are well fortified to meet any obstacles that might arise, and have arranged to distribute several thousand hat bands bearing the inscription "Meet Me in Oakland in 1913".

**MOST STORES WILL CLOSE.**  
 The Native Sons are working diligently to have the stores closed on Admission day, and the majority of the merchants have expressed their willingness to observe the holiday. The committees which have arranged for Alameda county's side of the celebration are:  
 General chairman, E. F. Garrison, vice-chairman, A. J. Cummins, secretary, A. A. Rewig.  
 Transportation—A. L. Gehard, Athens, Henry Jenkins, Brooklyn; A. L. Behrman, Halcyn; E. D. Peterson, Escondido, F. McCarthy, Bay View.  
 Ways and means—W. E. Kelly, Escondido; D. E. Hall, Oakland; R. F. Reeves, Fruitvale; J. H. Peterson, Alameda, Charles Corrigan, Athens.  
 Auditing—E. J. Curran, R. B. Felson, H. C. Henkin.  
 Press—J. E. Craig, Halcyn; A. R. Larson, Berkeley; J. Haar, Eden; H. C. Barton, Escondido, W. J. Lane, Richmond, H. F. Vogt, Brooklyn; M. B. Morrison, Piedmont, L. J. Starling, Bay View, B. E. Felton, Fruitvale, H. N. Sheransky, Alameda; W. T. O'Connor, Claremont; M. J. Cramer, Oakland; George Bonda, Niles; C. W. Fairchild, Athens.

**BLUECOATS IN THEIR GLORY.**  
 STOCKTON, Aug. 30.—The Mission day parade will include Police Captain Harry O'Day of San Francisco. He will command a squad of forty policemen from the metropolis. O'Day was second baseman of the Stockton baseball team from 1889 to 1890 and hoped to win the Pacific coast championship.  
 During the celebration Stockton will be exceptionally well policed. In addition to the regular force there will be forty local specials, and fifty more from San Francisco and Sacramento, with several detectives from both cities.  
 The Tuolumne and Sonora parlor's have arranged a novel contest to take place on Hunter plaza after the parade. It will be a napjack cooking contest.  
 Each parlor claims to number among its members the most expert mixers and cooks of the old-fashioned cooking of the mining days and the contest is exciting considerable interest. A prospectors' camp will be pitched and the cooking of the succulent napjacks will be done in full view of the crowd.  
 Official reports from the railroad and steamship lines show that not less than a score of specials will arrive in Stockton during the celebration, and that the celebration will be a success. In addition, thousands of visitors will come on the regular boats and trains and by private conveyance.

**CHORUS CHOR WILL GIVE INAUGURAL PROGRAM**  
 The chorus choir recently organized at Plymouth Congregational church, Laurel and Piedmont avenue, under the direction of Alexander Stewart will give its inaugural program Sunday evening. While the new choir will not be a large one, the new choir has gathered a chorus of selected voices, which are adapted to church work. The soloists of the choir are Mme. Sofia Neustadt, soprano, and Mrs. A. E. Nash, contralto. William Carver is the pianist.

## OAKLAND'S BOYS AND GIRLS

### 600 STUDENTS AT MANUAL TRAINING SCHOOL

According to figures given by P. M. Fisher, principal of the Manual Training and Commercial High School, there is an increased attendance of 35 per cent in that institution this year over that of the last. There are more than 600 pupils in the school.  
 Plans for the shop building of the new Manual Training and Commercial High School will be submitted to the Oakland Board of Education for approval within a month.  
 Contracts for the various buildings will be let before the holidays.  
 The following faculty committees were appointed by Principal Fisher to direct the social and literary life of the students of that school:  
 Entertainments—N. O. Shively and Miss M. S. Skinner.  
 Scries—Miss L. B. Everett.  
 Special school courses—Miss Wilder, Miss M. W. Tyrrell, W. A. Tenney, R. J. Graham and N. O. Shively.  
 Vocational guidance—Miss E. H. Caldwell, Miss C. E. Hampel and E. H. Coffey.  
 Miscellaneous—Miss R. E. Allison, Miss R. M. Donahue, Mrs. H. H. Hartford, N. O. Shively and High Gate Association.  
 Howard Tremble and Freda Bailey, Director of boys' athletics—R. J. Graham.  
 Director of girls' athletics—Miss Margaret Wythe.

### ELECTED HEAD OF STUDENT COUNCIL

**HOWARD TREMBLE.**  
 Howard Tremble, a senior in the Manual Training and Commercial High School, has been elected president of the Students' Council, which is the governing body of that institution. At the first election of the fall term, the following student council representatives were chosen to assist Tremble in the administration of the school affairs:  
 Althea Johnson, Gertrude Johnston, Allen Kistler, Harriet MacKenzie, Nellie Gray, Steele Mitchell, Chester Clark, Vera Harrah, Lester Lister, Roy Smith, Ray H. Hareux, Florence Wentworth, May Holt, Kenneth Robertson, Theodor Nalsett, Eugene Stephens, Freda Bailey, Helene Robertson, Knox Nicholson, Flora Roulo, Clarence Street, Frank Young, Harvey Lee's, Ernest Robertson, Floida Blake, Herbert Pals, Harold Danniel, Mabel Shihl.

### U. S. DEMANDS CONTROL OF PANAMA POLICE

WASHINGTON, Aug. 30.—Emphatic demands have been made of the Panamanian government to control the Panamanian police and to end to the gross brutality with which American citizens and sailors and sailors have been treated. Late today the American State Department has issued a statement to that effect, and has asked the Panamanian government to take immediate action to end the present state of affairs.

### HIGH SCHOOL SOON TO ISSUE ITS BIG PUBLICATIONS

Owing to the lack of funds there will be but one or two editions of the "Weekly Bulletin," published by the Students' Association of the Oakland High School, this term. During the latter part of the last semester the paper made its appearance once a week. The editorial staff included Harry M. Croach, editor-in-chief, Frank Ryan, managing editor, Howard Schaeffe and Harold Reynolds, business managers, Charles Roth, advertising manager, and John Whitton, assistant. Harold Biote has been appointed editor for the present season.  
 The girls' issue of the Bulletin was compiled by Alice Walton, editor, Gladys Hamilton and Louise Mills, business managers, Gertrude Bangs, managing editor, Margaret Morrison, advertising manager, Helen Mohrman and Esther Wilton, assistants.  
 Within the next seven weeks the Angels of the Oakland High School, will be ready for distribution. It will be edited by Howard Schaeffe, who was elected by the student body prior to the election of the present staff.

### CAN'T FIND HOSPITAL WHERE BROTHER IS DYING

SAN FRANCISCO, Aug. 30.—C. F. Cowles, an auctioneer of 274 California street, was notified by a stranger last night that his brother, George Cowles, was dying at a hospital. The man failed to give the name of the institution and Cowles is in a quandary of doubt and apprehension. He communicated with a large number of hospitals, but without result. George Cowles was injured by a motorcycle five or six weeks ago.

### WIFE PACKS HER TRUNK DISAPPEARS WITH BABY

SAN FRANCISCO, Aug. 30.—E. S. Wynn, an auctioneer of 428 Broadway, was notified last night that his wife, Mrs. Wynn, had disappeared with their 2-year-old child, were missing. A search of the house on the part of the husband resulted in the discovery that the woman had packed her trunk and taken her baggage with her. Wynn, who is a first-class auctioneer, has not been able to locate his wife, who is believed to have taken the child to a place of refuge.

## Hale's Oakland Store Participates in the Fall Fashion Show on September 5th, 6th and 7th.

### Authentic STYLES IN Trimmings Hats

Large express orders rushed from New York accounts for the myriad of Fall Trimmings Hats now gracing our Millinery Department. We cordially invite your examination of the new styles—whether you are ready to buy or not.

Our beautiful assortments reflect the authentic features for fall. Plush and Velvet Hats are dominant with Velours, Satins and Moire Hats close seconds. Many Scratch Felts are shown for street wear. Large shapes, many in flat effects, are surprisingly popular; also quite small shapes. Black and white combinations and somber colors abound. The trimmings include velvet and satin drapes, silver and gunmetal buckles, two-toned wings, ostrich bands and novelties, ribbon bands and bows and various fancy feathers quaintly posed.

We invite you to see these many pretty hats yourself. Hale's low prices range from 3.95, 4.75, 5.50, 6.50 to 10.00 and upward.

**SECOND FLOOR**

## 270-POUND WEDDING CAKE TO BE CUT AT IDORA WEDDING

GEORGE W. LOEWENSTEIN AND MISS RUTH KAVANAUGH, WHO  
WILL WED TONIGHT IN LION'S DEN AT IDORA.

The strangest marriage ceremony ever performed in Oakland will take place this evening at Idora park, when a couple, and possibly two couples, will enter Signor Carlo Bernardo's wild animal cage on the vaudeville stage and plight their troth. The wedding bells will ring out 'mid the growls and roars of the man-eating beasts. Two feet behind the backs of the bride and groom will sit Princess, a monster lioness. Next to her comes the agile and ever-watching panther Nigger. A wicked-looking puma will be next, and close by that most treacherous of all jungle animals, the leopard, and its cousin, the jaguar.

Except for the ever-watching Carlo Bernardo, the couple and the minister will be at the mercy of the African beasts. During the entire ceremony Bernardo will not take his eyes off his charges. Should one of them attempt to spring at its prey, a wicked-looking blacksnake will whizz across the animal's face. Should the watchful trainer be too late, he will whip out his automatic revolver. However, Bernardo claims there should be no cause for alarm.

### TOO MANY SUITORS.

This morning, Miss May Clark, who has the honor of being the most sought after young woman on the Pacific Coast, if not in the United States, stated that she had not definitely made up her mind as to which one of the two hundred and fifty odd suitors she would marry.

"The closer the time gets for the ceremony, the more undecided I am," declared pretty Miss Clark. "It's an awfully hard proposition, especially when you have so many to choose from. I suppose if there had been only two, I would have been just as mixed up."

"As it is, I have sifted them all down to ten. The many letters that came from the country and from cities outside of California, I have discarded. I have met all of the ten men I have put in the first lot, and each has something to recommend him. They have been awfully good to me, and I have half a mind to ring one of them up and tell him to take me to the marriage clerk's office. But which one of the ten shall I ask? I didn't sleep a wink last night, and today I'm all the more disturbed and nervous."

### ONE COUPLE ON HAND.

If Miss Clark chooses a man in time to get a license, there will be a double wedding, for already Miss Ruth Kavanaugh and George W. Lowenstein have got their license and will be on hand at the park this evening.

Arrangements have been made at Idora for 10,000 people tonight. As the out-of-door amphitheater is unreserved, it will be a case of first come, first served, for the best seats. The event is in addition to the regular show, and no extra charge of any kind is to be made.

The Rev. John H. Pierce will be the officiating clergyman. He has promised to enter the cage with the couple. The mammoth 270-pound wedding cake, a present to the bride from James Donagan, manager of the Idora restaurant, will be cut on the stage and a piece given to every woman spectator. It required the entire Idora baking staff to manufacture the cake.

## AUTOIST TO RIDE ON WATER WAGON

\$50 Fine Added to Sentence to Prolonged Life of Sobriety.

LOS ANGELES, Aug. 30. — E. C. McCabe, charged with having driven an automobile while intoxicated, has been sentenced by Police Judge Frederickson to "ride on the water wagon for life" and to pay a fine of \$50 besides.

"McCabe said he did not know there was a law against drunken men driving automobiles," Judge Frederickson set him right and said he thought fifty days in jail and a \$50 fine would impress the knowledge upon McCabe's mind.

"But," added the judge, "I'll suspend the fifty-day sentence if you'll swear you'll never touch another drop of intoxicating liquor as long as you live."

"I swear it," eagerly said McCabe. "I thought you would," responded the judge.

## TIBETAN POLICY IS CRITICISED

Great Britain's Attitude Disliked by the London Newspapers.

LONDON, Aug. 30. — Great Britain's policy regarding Tibet is severely criticised in this morning's Liberal newspapers. The Daily Chronicle editorially contrasts the British attitude for Tibetan independence with her passive acquiescence in the destruction of Persian independence.

The newspaper describes the demand of the British minister at Peking that Tibet be allowed to manage its own affairs without the interference of China, as an extraordinary one, considering that Great Britain thrice previously acknowledged China's suzerainty in Tibet.

"Such vacillating diplomacy," the Chronicle says, "is something new and is decidedly unpleasant. It has the appearance of being the result of Russian suggestion. Has Russia agreed to keep out of Tibet in order to secure acquiescence in her Mongolian schemes to which Japan with her Manchurian quid pro quo is passively agreeable?"

### HAPPENINGS IN BRIEF ON UNIVERSITY CAMPUS

UNIVERSITY OF CALIFORNIA, Aug. 30. — Election of class officers is being held today by members of the senior class. For president the candidates are E. H. Clausen, F. C. Laine, J. B. Oliver and J. C. Altman. Misses Margery Glass and Amy Waite are contestants for the vice-presidency and J. D. Foster and H. H. Howard are the only candidates for the office of secretary.

In the recent class club tryouts U. L. Bettinger of the sophomore class was voted a percentage of 100 by two of the judges, the highest rating given any student since the club was organized 23 years ago. He registers from Colfax, Washington.

The university cadet band is arranging for an informal dance to be given September 6 at Laramie gymnasium under its auspices. E. P. Cook will act as floor manager assisted by a committee including M. L. Cohn, H. H. Wood, E. W. Dutton, E. R. Lassel and L. A. Waite.

The graduate students yesterday elected the following officers: President, G. A. Work; vice-president, Miss Marion Gay; secretary, Miss Anna Kilder.

The Associated Women students are to hold a mass meeting Tuesday evening at Hearst hall to welcome the girls of the freshman class. Miss Jennie Gerding, Miss Margaret Slater and Miss Elmina Gardner are in charge of arrangements.

### ONE KILLED, 17 HURT, WHEN TRAIN LEAVES TRACK

TEMPLE Tex., Aug. 30. — One man was killed, two seriously hurt and 17 slightly injured today when a north bound Missouri, Kansas and Texas Railway train jumped the track three miles north of Temple and the mail car and two coaches plunged from a trestle into a ravine.

CAR AND WAGON COLLIDE.  
SAN FRANCISCO, Aug. 30. — A Clancy car, a delivery driver of 1930 North avenue, was knocked from his wagon in a collision with a car of Oak and left it in a state of wreck. The car was badly shaken and the front portion of the car smashed in.

## BOY AND DEER IN FIERCE ENCOUNTER

Lad Bruised and Animal Sustains Leg Fracture in Struggle.

Philip Valentine, the thirteen-year-old son of Mrs. John J. Valentine, 245 Perry street, has been brought home in a bleeding and bruised condition from Moore's ranch, near Niles, where, during a vacation, he tried to make friends with the deer. "Taddy," the deer, before the lad could understand what was in the deer's mind, he was being ferociously attacked. Keeping his presence of mind, the boy swung his legs and arms and the deer's neck and held fast to the horns, while he was being bumped by the heretofore docile "Taddy."

The deer, in an effort to free himself from the boy's grasp, galloped madly around the field, while Mrs. Moore was an interested spectator from a window of what she believed to be fine sport. She had no idea the lad was in danger, believing what she saw to be a playful prank of the boy and animal. The battle continued for half an hour before assistance was summoned.

United efforts of Mrs. Moore and two men to quell the animal. The boy's clothes were torn and his body badly bruised. With a slashed eye and a fractured leg, "Taddy" was a sorry sight.

## MANY AT RECEPTION BY EASTERN STAR

Fourteen Lodges Unite to Greet Grand Matron Here on Inspection Tour.

Miss Lena W. Stannard, worthy matron of the Order of Eastern Star, of Long Beach, who has just finished a tour of inspection of the chapters in Alameda and San Francisco counties, was honored a grand reception last evening at Scottish Rite cathedral. Hundreds of members of the order from both sides of the bay were present to pay homage to the head official.

The reception committee was composed of the worthy patron and worthy matron of each of the 14 lodges of this county, including Richmond lodge. They included Frutkin, Paul Martin and Mrs. Anita Hollenbeck, Wiegand, Edward J. Sittling and Mrs. Helen M. Lucy; Elvesta, Robert C. Parker and Mrs. Edward H. Vane; Albers, Fred J. Whiting and Mrs. Georgia M. Gutches; Marietta, Fred F. Eiland and Mrs. Frances W. Lowell; Mary E. Partridge, Lenov W. Potter and Mrs. Anna Card, Acantha, Richard E. Slattery and Mrs. Amy McKracken; Miriam of Richmond, Hiram E. Jacobs and Mrs. Russell K. Pelton; Andrew K. Jeff, Donough and Mrs. Mary W. Knight; Oakland, Peter F. Bradshaw and Miss Josephine J. Hamilton; chapter of Alameda, Charles J. Hamilton and Mrs. Alice C. Barstow; Golden Gate of San Leandro, Joseph B. Mills and Mrs. Russell K. Pelton; John K. Jeff, Oak Leaf, James C. Cole and Mrs. Henrietta McGregor. Following the reception there was a ball.

## SAILING CRAFT IN RACE OVER OCEAN

Schooner and Barkentine Will Have Speed Contest From Coast to Australia.

Advices received here today from the north report that the schooner Polaris and the barkentine James Johnson, two familiar craft in local waters, have squared away in a race from this coast to Australia. Both craft are speedy affairs and a close race is predicted. The rivalry between the ships of our two vessels has been in evidence during the past few years with honors about even. In addition to the wager put up by the skippers of the two craft the winner will also receive the best dinner that can be provided by any of the cities on the Australian coast.

The big American-Hawaiian freighter, Nebraska, Captain Knight, is at Long wharf loading freight for Sallina Cruz. She will probably complete her loading for the south some time this afternoon, when she will sail for her southern destination. The big freighter's cargo is consigned to the Atlantic and European coast.

The State tug Governor Markham brought in a small steamer tug yesterday afternoon. The dredger is at the United Engineering Works, undergoing a general overhauling. With the conclusion of her repairs she will shift across to the San Francisco side to work.

shifted across to the San Francisco side to take on passengers for her regular run to San Francisco.

Other vessels at Long wharf today included the steam schooners Washington, Alcatraz and Whitesboro. The steamer F. S. Loop, Captain Levinson, arrived here today in ballast from San Pedro. She is at Long wharf loading cement for Portland.

The new steamer Camino sailed this afternoon for the north with her first cargo. She carried cement for Portland.

The schooner Oakland completed her lumber discharge at the Hogan Lumber Company's wharf this morning and shifted over to the San Francisco side to complete her discharge.

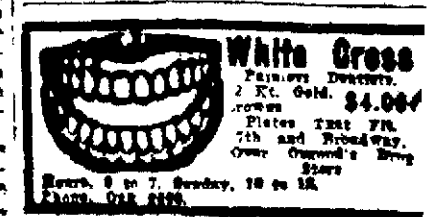

The steam schooners Svea, Captain Frederickson, and Scotia, Captain Tusten, sailed yesterday to load lumber for this port. The Svea left for Grays Harbor and the Scotia for Bowen's Landing.

## New Tuberculosis Remedy Based on Medicine

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but in Eckman's Alternative we have a medicine that has been the means of saving many a life to years of usefulness, and in permanently benefiting a large number of Consumptives.

Any diet that keeps a Consumptive well nourished is the right one, but what is lacking is the medicine that Eckman's Alternative is a medicine for the cure of Consumption in a large number of cases. We prefer to let you hear what such people say. Investigate this case: "I was a consumptive for 12 years. I was operated upon for Tubercular pneumonia, and my physician gave me up as hopeless. I was then urged by a priest to take Eckman's Alternative, which I did. I began to improve and steadily gained in health and strength, and am absolutely cured." (Signed) EDNA PINZAR.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiate or habit-forming drugs. For sale by Dr. W. D. Eckman, and other leading druggists. Ask for booklet, telling of recovery and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

## LATEST NEWS FROM OUTSIDE TOWNS

REDUCED FARES  
TO BE DISCUSSEDHayward Citizens Want to  
Ride to Oakland for Ten  
Cents.

HAYWARD Aug. 30.—The final step in the fight for a reduction of fares on the Oakland Traction Company's line will be taken within the next few days by a special committee from the Hayward Chamber of Commerce. A public meeting was held last night and petitions signed by hundreds of citizens turned over to the body to be presented to officials of the company. The petitioners claim that the fare from Hayward to the Oakland city line be reduced from 15 cents to 5 cents making the trip to the center of Oakland 10 cents instead of 20 cents. The meeting was presided over by T. B. Russell, chairman of the committee. Many prominent citizens were present.

Unless the demands of the local body are met it is stated that immediate steps will be taken to place the matter before the state railroad commissioners. It was pointed out at the meeting that a five-cent rate now prevails between Oakland and Alameda and Berkeley and even to the Contra Costa county line, whereas the rate to Hayward, less than half the distance, is 20 cents.

NEW REGULATION  
PLEASES SAILORSEnlisted Men Not Required to  
Do Many Details Heretofore Performed.

VALLEJO, Aug. 30.—A section of the new naval regulations announced at Mare Island yesterday removes one of the worst abuses in the services, both for enlisted men and navy yard workmen. The regulation reads:

"No enlisted man or seaman not included in commissions or warrants officers on battle-ship or Navy when such battle-ship are docked be laid up in any navy yard for repairs, shall be ordered or required to perform any duties except such as may be required by the crew while at sea or in foreign port."

According to naval officials, the new regulation does away with the condition that has been responsible for the refusal of enlisted sailors to enlist. When taken into the service they have the understanding that no manual labor under this description will be required of them, but under the Meyer management, they have been forced to perform many duties formerly in the hands of the navy yard mechanics. This condition has been so unsatisfactory to civilians as enlisted men, because it takes work away from them which has been theirs in the past.

## PIEDMONT NOTES

PIEDMONT, Aug. 30.—Mr. and Mrs. Alfred Clement, who have been spending several weeks at San Diego, have returned to their home on Mountain avenue.

Mr. and Mrs. W. F. Willis have returned to their home on Mountain avenue after spending some weeks on their ranch in Sacramento valley.

Mrs. Charles Branson and daughter, who have been the house guests of Mr. and Mrs. Clement, have returned to their home in Seattle.

Those who have been appointed election officers to serve in Piedmont at the election to take place on Tuesday are in precinct 1—T. J. Casey, inspector; M. C. Frank, A. G. Sherman, Emma Swain, A. McCarthy and Mary S. Patton, judge. In precinct 2—Frank J. Stanger, inspector; Oliver Elsworth, Wallace Everett, Paul Croop, W. F. Hunt and Ruth H. Nickel, judge.

Mrs. M. Childs of Highland avenue who has been the guest of Dr. and Mrs. Albert Kirk of Berkeley for the past ten days has returned to her home.

The Rev. Melville Tenney of Mesa avenue will deliver a lecture on "The High Altars" illustrated with the stereopticon to the members of the Home Club and their guests on the 10th of September.

Mr. and Mrs. Thomas Quayle of Park way are spending a couple of weeks at Monte Rio.

Mr. and Mrs. Frederic Gay of Monte avenue are at Long Beach where they will remain for another week.

Mr. C. Harlow and family have taken the Pommeroy Sherman house on Bonita and Magnolia avenues for the season.

Mr. and Mrs. Joseph W. Warner entertained at an informal dinner at their home on Hillside avenue Thursday evening. Covers were laid for fourteen.

IS OBSERVED AT  
ELMHURST FETE

MARTIN WESTERN RYAN.

PRIZES AWARDED  
TO PRETTY BABIESThe Fraternal Order of Eagles  
Gives Dance in Open Air  
Pavilion.

ELMHURST Aug. 30.—The fair grounds of the Elmhurst street and floral carnival at Ninety-fourth avenue and East Fourteenth street were turned over to hundreds of school children of all ages this afternoon, the day having been officially designated as "children's day." The youngsters were welcomed to the grounds by Queen Ethel Nels and her court and at her command the games and various athletic events arranged for by the executive committee were opened. Sharply at 3 o'clock the school children's parade formed at Jones avenue and East Fourteenth street and marched up the latter thoroughfare to Ninety-fourth avenue and then counter-marched to the fair grounds. The children from the various schools of the annexed district carried banners designating the school to which they belonged and rivalry was keen to make the best appearance. Hundreds of merry-makers lined the sidewalks along the line of march and gave the children an enthusiastic reception. Several boys' brass bands were in evidence in the ranks of the parade.

## BABIES AWARDED PRIZES

Babies, ranging from a few months to four years old, from every part of Alameda county competed in the baby show which was the main event of the carnival activities yesterday. There were babies fair, dark, laughing and crying, all elaborately dressed and debonair for the occasion by their parents, and the judges found it hard to decide upon the winners. These settings on the judges' bench were Joaquin Rose, J. A. Hepp and Joseph Spahn.

The first prize in the two-year-old class was given to baby Martin Western Ryan, son of Mr. and Mrs. M. C. Ryan, 215 Jefferson street, Oakland.

Richard Starr McIntosh, 17-months-old son of Mr. and Mrs. R. McIntosh of 1512 Eighty-third avenue, was given a prize for being one of the handsomest boys of the assembled hundreds. Sharing honors with young McIntosh was Miss Hazel Bullock, aged 2½ years, residing at 1624 Eighty-third avenue, who was awarded a prize for being one of the prettiest girls in the contest. Other contestants who were awarded prizes were Florence Louise Fuchs, Tiny Fuchs and Mabel de Mattos.

## EAGLES HOLD SWAY.

Members of the fraternal order of Eagles representing areas in all sections of the region, gathered at the fair grounds during the evening and took part in the special program arranged for the occasion. The open-air dancing pavilion was one of the most popular features of the evening's activities.

WEST RICHMOND GETS  
IMPROVEMENT FEVER

RICHMOND Aug. 30.—Work on the paving contract which was recently let by the city to the Warwick paving company for the improvement of Richmond, Richmond and Washington avenues and Park place, on the west side of the city, and which was signed up a few days ago with Street Superintendent W. S. Farley, was commenced this morning when a number of teams and laborers were put to work on Railroad avenue making the fill on that street. Within a few days large forces will be grading, tearing up generally and laying the pavement of these four main thoroughfares of the old Point Richmond part of the city for several miles taken as a whole which will have a better different looking section, much better and improved. Work will be pushed with the greatest rapidity in order to reach completion before the winter rains set in.

PINOLE MEN IN AUTO  
SMASH ON MT. DIABLO

PINOLE Aug. 30.—An accident befell Dr. Manuel L. Fernandez and a company of friends who took an automobile trip with him to the summit of Mt. Diablo yesterday. The car skidded on a steep grade while climbing the mountain and tumbled down the side of the mountain, landing in a deep ravine and crushing and twisting the car. None of the party were injured.

300,000 SWATTED  
TO QUICK DEATHOne More Day for Richmond  
Kiddies to Win Prizes of  
Commissioner.

RICHMOND Aug. 30.—Only one more day remains in the five-day campaign of Health Commissioner Dr. C. R. Blake and during that short time the youngsters entered in the contest will make great inroads on the insect population of this city. Richard Heinrich, John DeLacy, Pate Harlow and Lloyd Marshall are closely punched for first place honors and each is striving to overcome the other's lead. Altogether 300,000 flies have died as a result of the activities of the children during the current month, and as each fly is swatted many thousands more are swatted into many big figures. The prizes in money will be awarded tomorrow evening at the Richmond Theater by Mayor J. C. Owens, the contest closing on the afternoon of that day. Richard Heinrich has to his credit 68,000, Lloyd Marshall, 72,000, John DeLacy, 61,000, Pate Harlow, 53,000, Marshall Hall, 33,200. The balance of the contestants range from a few thousand down to a few hundred. All are small children and the contest has been great sport, causing much amusement to everybody.

HAYWARD BELLE  
WEDS SECRETLYDella Rogers Becomes Bride  
of University Student and  
Surprises Friends.

HAYWARD Aug. 30.—Word has been received here of the secret wedding of Miss Della Rogers, a favorite in the local younger set and daughter of R. R. Rogers, a prominent business man, to Benjamin H. Dill, a medical student at the University of California. The marriage ceremony was performed last Sunday in Oakland. The report of the marriage was a great surprise, as cards had been sent out announcing Thursday evening, August 29, as the date for a formal wedding at the home of the bride's parents, in B street. In explanation Mrs. Rogers said that the young couple had changed their plans at the last moment and decided upon a quiet wedding. The couple were married by a Congregational minister and immediately after left on a honeymoon to the southern part of the State.

Mrs. Dill is an accomplished musician, and has taken part in a number of amateur theatricals held in this city. A graduate of the Hayward high school, she entered the University of California to take up the study of medicine. She received her scholarship from the State institution last year, graduating with high honors.

Dill has been taking a special course at the university. Upon the return of the groom and his young bride from their honeymoon a short visit will be made in Hayward, following which they will leave for Hughson, Stanislaus county, where Dill will engage in business.

CALL DEBATE UPON  
CONSOLIDATION ACT

Hayward Solidly Opposed to  
Measure, Yet Agrees to  
Hear Arguments.

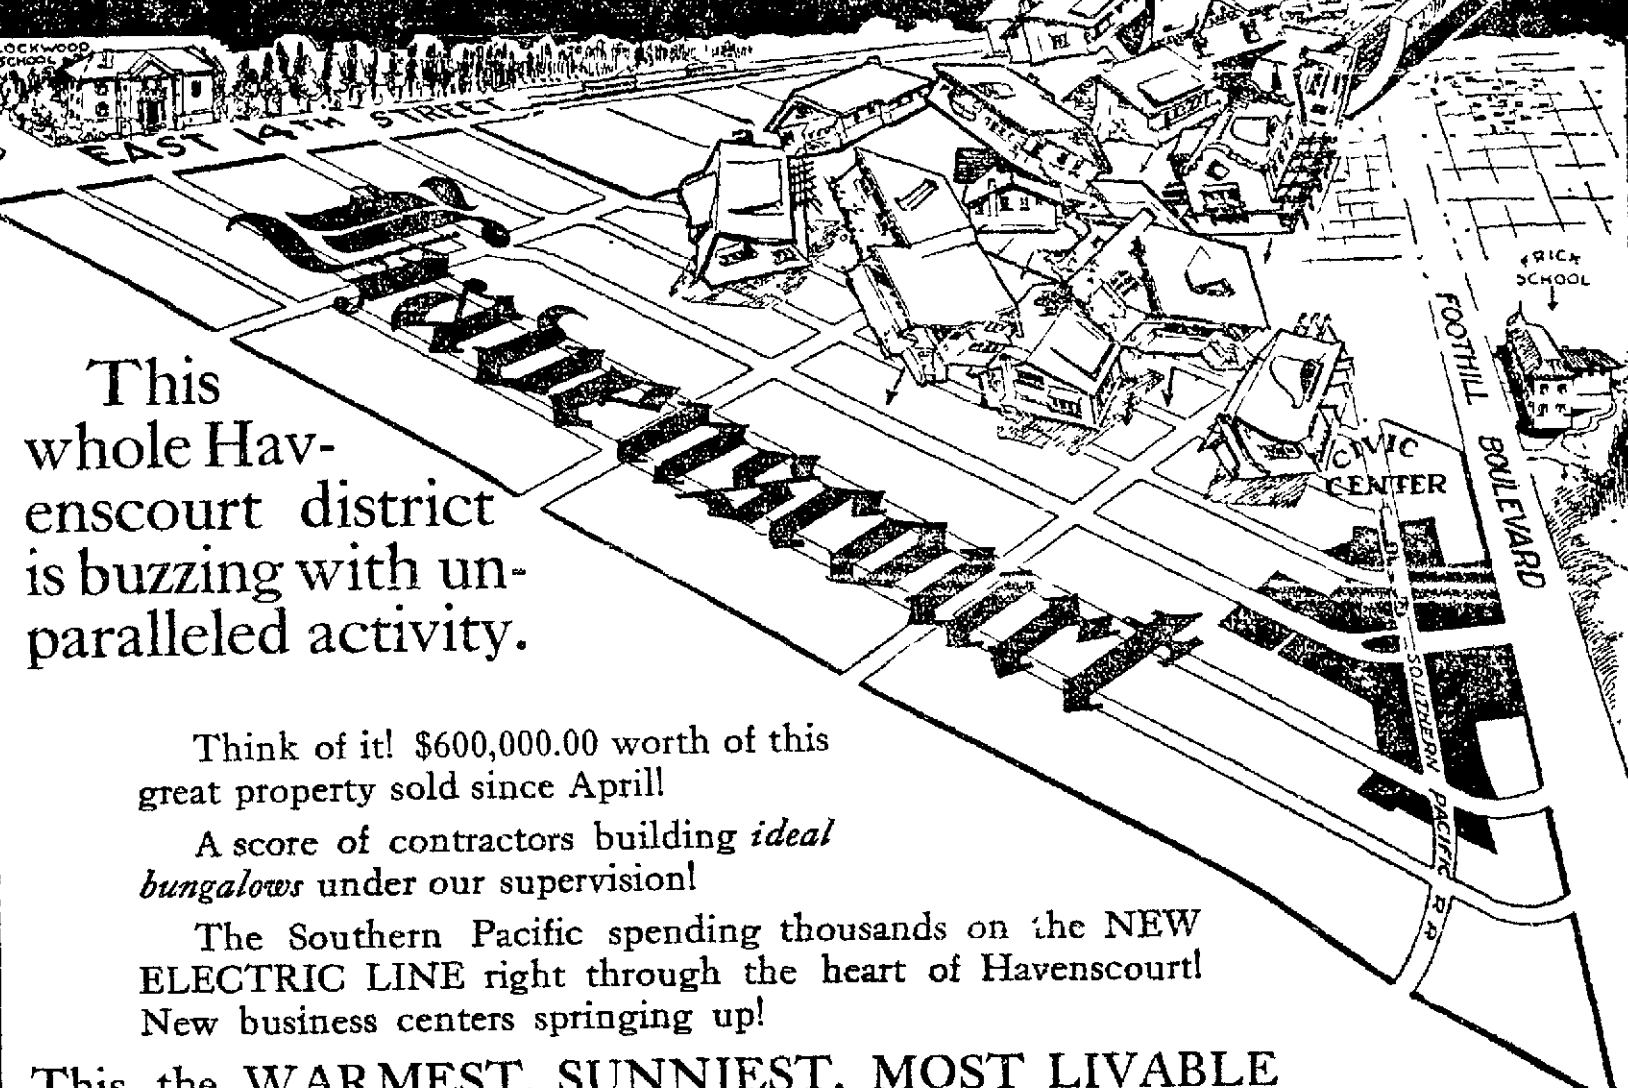

TEAMSTERS TO TEST  
WIDE TIRE ORDINANCE

RICHMOND Aug. 30.—That it is their intention to test the ordinance of this city under the provision which a number of local teamsters were arrested yesterday by the local police is, unfortunately, cannot be enforced, is the statement of the leaders of the teamsters' union and the building trades council. They claim the law works a hardship upon them that the heavy loads do not cut up the improved streets, and that the present tires in use on wagons are of sufficient width for all practical purposes. Legal talent has been secured to test the ordinance and the city attorney is going right to work on the matter.

SCHOOL DIRECTORS  
ACCUSED OF THEFT

VALLEJO Aug. 30.—Former Superintendent of Schools A. M. Armstrong has caused a sensation here by filing charges of felonious embezzlement against J. R. Whitaker, W. A. Allen and James T. The specific charges refer to the alleged embezzlement of \$3,440. This sum being generally known as the "slush fund" of the school directors, the charges are being taken very seriously.

## VALLEJO Aug. 30.—The local police have been called upon to investigate the case of a man who was found dead in a ravine near the city.

THE BOOM IS HERE  
AT HAVENSCOURT

This whole Havenscourt district is buzzing with unparalleled activity.

Think of it! \$600,000.00 worth of this great property sold since April

A score of contractors building ideal bungalows under our supervision!

The Southern Pacific spending thousands on the NEW ELECTRIC LINE right through the heart of Havenscourt! New business centers springing up!

This, the WARMEST, SUNNIEST, MOST LIVABLE high and level part of Oakland, at last coming into its own!

No Interest or Taxes till 1914

**BUSINESS PROPERTY**  
IN THE CIVIC CENTER

No Interest or Taxes till 1914

Buyers with their families in Havenscourt already equal a population of 2,500 people. There is NO business district within ONE MILE of the New Havenscourt Station. Here is a remarkable opportunity to make money through the unusual conditions created by this new S. P. line and our enormous development.

**Havenscourt Is a Home Place Beautiful**

Splendid macadamized streets—8 beautiful 80-ft. boulevards—red concrete walks—artistic bungalows springing up on every hand—confined to residences except in civic center—two fine schools adjoining—park in the property—graceful entrance pergolas—it's own S. P. station—orange and palms along the avenues—a 17-acre playground across the street—excellent car service—IN SHORT, HAVENSCOURT, THE ONLY LEVEL BUNGALOW PARK IN THIS VICINITY THAT RIVALS THE SHOW PLACES OF SOUTHERN CALIFORNIA.

**SPLENDID SITES** As Low as \$500; \$50 DOWN AND \$5 A MONTH

How to get to Havenscourt: There are two pleasant offices on our Havenscourt property. Go out any day. You will find some one there. Though the S. P. tracks are laid right to Havenscourt Station, the system is not yet organized, so from Oakland better take the E. 14th street cars right to Havenscourt Boulevard. From San Francisco take the S. P. Melrose train to Melrose Station and the E. 14th street cars a few blocks eastward.

## RICHMOND NOTES

RICHMOND, Aug. 30.—Roy Wells, an employee of the M. Dillio garage stepped on a match last night in such a manner as to cause it to fly flaming into a pan of gasoline resulting in the damage to one of the automobiles to the extent of \$200.

According to County Clerk J. H. Wells, who was in the city yesterday arranging for the primary election to be held September 3, the total registration for Richmond is 4950.

A birthday picnic was celebrated yesterday in East Shore Park in honor of little Miss Owens, daughter of Mayor and Mrs. J. C. Owens, the occasion being her fourth natal anniversary. Many little houses were built and a number of games and fine refreshments were served on picnic tables.

A O Peterson who leased Maple Hall building and erected a large sum in putting it in first class condition has completed arrangements for a big housewarming tomorrow evening.

Bids for the excavation of the new Elks building will be called for at once and the building to erected as soon as money and men can do it. It will be four stories and the finest combination business and lodge block in any city of this size in the west.

Arrangements have been made by a new firm in open and conduct a wholesale shoe market here.

Work on the new stadium building at Macdonald and Fourth is being rushed to completion so the Polytechnic Business College of Oakland can occupy the entire second floor 15 September 10.

Members of the Young Men's Institute and the Holy Sep Society attended the 11th House of Commons at our lady of Mary Catholic church last evening at 7 o'clock. These two societies are the only ones of the kind in the city and the nature of the discussion was of a high order.

The Women's Police have been called upon to investigate the case of a man who was found dead in a ravine near the city.

TO HEAR SAN LEANDRO'S  
RATE CASE SEPT. 18

SAN LEANDRO, Aug. 30.—The telephone rates case now in the hands of the board of railroad commissioners will be heard here before Commissioner Cleveland in the justice court in the Masonic Temple September 18. The charges against the Pacific States Telephone and Telegraph Company were brought by the San Leandro Chamber of Commerce with the backing of the board of city trustees and set forth that the company was charging illegal tolls within the corporate limits. A general denial has been filed by attorneys for the corporation. Attorney J. W. Dignan will represent the local interests.

MOTOR CAR COMPANY  
IN RECEIVER'S HANDS

RIE-ALTO, N. Y. Aug. 30. The F. P. Thomas Motor Car Company, Inc. has been placed in the hands of a receiver. The company was organized in 1908 and had a capital of \$1,000,000. It had a large plant at Rie-Alto, N. Y., and a large number of cars in the hands of its customers. The company was in a financial straits and had been unable to pay its debts. The receiver has been appointed to liquidate the company's assets and pay its creditors.

## SOCIETY

**A** THOROUGHLY successful reception was given this afternoon at the Claremont Country Club by Mrs. John J. Valentine in honor of Miss Minnie E. Kibbe, the retiring president of the board of Oakland center of the California Civic League. The affair was a delightfully appointed one. Among the guests were the members of the retiring board, which included Mrs. Thomas Hogan, Miss Ida Green, Miss Caroline Jackson, Mrs. C. J. Olney, Mrs. Georgia Gutches, Miss Florence Locke, Dr. V. A. Derrick, Mrs. John J. Valentine, Mrs. Helena Ithman and Mrs. Emma Scherzner.

### DANCE TONIGHT.

Miss Helen Weston and her brother, William Weston, will entertain about 100 friends as their guests this evening at a dance which they will give at the residence of their parents, Mr. and Mrs. Benjamin Weston.

Among the Oaklanders who have been bidden to share the evening's hospitality are Miss Marjory Croghan, Mrs. Katherine Grellin, Miss Mildred Porter, Miss Lillian Barnard, Miss Mabel Miller and Miss Katherine McElraith.

### RETURNS HOME.

Mrs. Wickham Havens has returned from Sag Harbor.

### TO GIVE BRIDGE PARTY.

Mrs. Challen Parker will give a bridge party at the Claremont Country Club next week for Murray Orrick, who has returned to this city for a visit with relatives.

Assisting the hostess will be Mrs. George de Galla. Mrs. Orrick is being entertained by Mrs. Irving Lundborg, Mrs. George Hammer and Mrs. James Kenna.

### RECENT FAREWELL LUNCHEON.

Mrs. James E. Kelly of Hillegass avenue was the hostess this week at a farewell luncheon in honor of Miss Isabel McMillen. Miss McMillen leaves Saturday for the East, where she will attend Wellesley College. She will be accompanied by her mother. They will go as far as New York and she will then go to the college.

Mrs. Kelly had covered laid for nine, who were the Misses Edith Montague, Paula McGibbon, Ethel Zent, Ellen Ord, Myrtle Heston, Ethel Bartley and Mildred Lincoln.

### EBELL CLUB PROGRAM.

In the September calendar for Ebelle Club are some interesting dates. The monthly luncheon is to take place on September 10, with Mrs. A. E. S. Bangs as presiding hostess and Mrs. James G. Allen as chairman of music. Prof. Herbert E. Bolton of the history department of the University of California will address the women on "Sources of California History," and a number of songs by Mrs. Harry Knowles will conclude the after-luncheon program. On the 17th Mrs. Beatrice Priest Pine is to give a song recital, with Mrs. Harry P. Carleton as receiving hostess. Mrs. Frank K. Mott will preside as chairman on "Indian Day," September 24, which will be unusually interesting. Some choice selections of Indian baskets will be exhibited. Mrs. Lillian J. Birmingham will sing Indian songs, as also will Miss Helen Colburn Heath, and Mrs. D. W. de Vries will give a talk on "Ceremonial Significance and Use of Baskets." Mrs. R. W. Kinney is to be the presiding hostess. Particular emphasis is laid upon the directions that "tickets must be presented at the door."

### TO GIVE SMART RECEPTION.

Mrs. Harry East Miller will compliment her niece, Mrs. Thomas Clay Watson (Nina Clay) with a brilliant reception scheduled for the latter part of September.

The Watsons will arrive in Oakland about September 15. They will be offered numerous social favors by local society.

### FAREWELL AFTERNOON.

Miss Lella McKibben gave a farewell affair yesterday for Miss Margaret Witter, who leaves tomorrow for Paris. About fifty society girls and members of the Torch and Shield Dramatic Society enjoyed the afternoon.

### ON HONEYMOON.

Dr. and Mrs. Morris E. Daley are on their honeymoon in the Canadian Rockies and will not return until the middle of September. On their return they will make their home in San Jose, where the former is president of the State Normal School.

### COMPLIMENTARY AFTERNOON.

Mrs. Weare Little and Mrs. Harold Watkins have sent out invitations for next Wednesday afternoon, when they will entertain in honor of Mrs. Ida Green, mayor, who is to wed Jesse Knowles on September 10.

### RETURN FROM HONEYMOON.

Mr. and Mrs. Harry Dahmke have returned from their wedding trip and are living in apartments in San Francisco. Dahmke formerly lived in Berkeley. He is the son of Mr. and Mrs. Louis F. Dahmke of that city. His bride was Miss Violet Woods of San Francisco.

### LARGE BRIDGE PARTY.

Mrs. Alfred Durney (Miss Helen White) will be given a large bridge party.

## WOMEN IN THE NEWS BUILDS MEMORIAL TO DEPARTED DAUGHTER

Mother Finds Solace in Erection of Home for Motherless.

**L**OS ANGELES, Aug. 30.—Death cost its sting and the grief its victory with the opening yesterday to many homeless and motherless children of the beautiful Helen Louise McDaniel Home, privately built by Mrs. Maud L. Thew as an enduring monument to her little girl, who died a year ago on her 7th birthday. In the cupness of her heart last Christmas, the mother conceived the plan of lavishing upon other children what she would so gladly have spent on her own little one, and advertised for some child to spend the holidays with her. Thirty-five responded, and she took them all in, and they will all be in the new home, pitifully located in the Arroyo Seco. There they will be educated and given the best of attention in every possible way. Every night from dinner until the sand man comes, the children will be entertained with fine moving pictures. In the house is one room converted into an ever-lighted shrine for the little one gone beyond. In it are her dolls, dressed as she left them seated in her little armchair, and on the walls her favorite pictures. Her clothing is there, and her favorite dog virtually lives there.

### Suit Nine Years Old

**STOCKTON, Aug. 30.**—The damage suit of Carrie B. McDougald against the Southern Pacific Company, which was begun nine years ago when the railway seized a strip of her land, is on trial in the United States court here today. The suit was won in the superior court, but since the time the supreme court has reversed the decision.

The land that has caused the long litigation is a strip fourteen feet wide and two-hundred feet long, just outside the city on Mormon canon.

### Freitchie Fund

**BERKELEY, Aug. 30.**—Mrs. Nellie Blessing Eyster of 2618 Hillegass avenue has been named local representative of a national committee to raise funds for a memorial to Barbara Freitchie. When a child Mrs. Eyster knew Barbara Freitchie, and she recalls the incident that John Greenleaf Whittier celebrated in his poem.

"Mrs. Freitchie died in Fredericksburg in 1852 in her ninety-seventh year," said Mrs. Eyster, "and for years her grave there has been a shrine for travelers. It is now proposed to remove the body to

on Thursday, September 5, by Miss Margaret Durney.

### LUNCHEON AT MOSSWOOD.

Mrs. W. H. Ellison entertained at luncheon at Mosswood park recently in honor of Mrs. Lucy Barrie and Miss Emma Nargie.

Those present were: Mrs. Emma Nargie, Mrs. Lucy Barrie, Mrs. Nellie Shoo, Mrs. Alice Purington, Miss Dorothy Purington, Mrs. Alice Sheehy, Mrs. Evelyn Salada, Mrs. Annie Ideane, Mrs. Annie Ellison.

### RECENT WEDDING.

Miss Frances Olson and Raymond Winfield were married August 15 at the home of the bride in Berkeley. Miss Olson wore a gown of pale pink tulle. The wedding appointments were very attractive. Mr. and Mrs. Winfield were given a reception a week before their wedding, when they were invited to attend a banquet given in their honor by about forty of their friends and were presented with a dinner serve of Haviland china.

The couple left immediately after the wedding for the South. Their friends had assembled at the steamer to see them off and showered them with flowers and rice. Mr. and Mrs. Winfield expect to reside in Berkeley on their return.

### TAKE MOTOR TRIP.

Mrs. Frank Summer Loop, Mrs. J. Edwin Pond and Mr. and Mrs. J. K. Hamilton motored to Los Gatos yesterday, where they were guests at the Henry Michaels country home.

### LEAVES FOR HOME.

Mrs. Harry Hayes has left for her home in Visalia after a visit with her parents, Mr. and Mrs. William Hall.

### AT SANTA CRUZ.

Mr. and Mrs. Girard Richardson have been away from the city for a few weeks at the various resorts.

### BERKELEY MAN ENGAGED.

Miss Martha Bingham, daughter of Mr. and Mrs. F. M. Bingham of San Diego, has announced her engagement to George Howard Robinson of Berkeley. The wedding will be in December. Robinson is the son of Mrs. William Howard Robinson of Berkeley. He is a former student of the University of California and was assistant manager of the 1913 Blue and Gold.

### AT CARMEL.

Mr. and Mrs. Oliver Watson Flatter and their small daughter have gone down to Carmel-by-the-Sea for a several weeks' outing.

### HOSTESS AT AN AFTERNOON.

Penelope Bangs of Berkeley entertained yesterday in compliment to Mrs. Robert Bond, recently arrived from Honolulu.

Miss Evelyn Adams entertained a number of her friends yesterday at an informal tea at the family home in the Lakeside district.

### AT BEN LOMOND.

Mrs. Ernest G. Heaton is still at Ben Lomond at her country place. Miss Eleanor Parker has been her guest.

### CARD CLUB.

A group of congenial friends will organize a card club at 1111 Chestnut street, near the corner of M. George and the corner of E. Street.

TO RETURN FROM ABROAD. Mrs. J. K. Hamilton is expected to return from her trip to Los Gatos early in October.

## To Look Well in Summer

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell)

**D**RESS as cool as possible. Avoid iced drinks. The lack of sleep, fresh air and digestible food is responsible for many a sullen countenance and whiney disposition. Humor the eyes, likewise cherish them, if you wish them to be bright and lastingly strong. Rich foods and fear of water are potent causes of a muddy skin. Don't blink, wriggle, frown or pose, if you would keep your face pleasant to look upon and free from lines. Keeping the hair and scalp with the same care given to the rest of the body improves the hair and saves money on scalp specialists.

Water, water everywhere is a good slogan for the girl who would keep young and good looking. Be as generous with it internally as externally, and your skin will benefit and your ill feelings disappear. Know your good points and make the best of them instead of worrying over your defects. Get an interest in life. It will keep you from pondering over your woes, which is ruinous to health and beauty. Go in for daily walks in the open air. Make a vow to let no night catch you unexercised. You will feel and look better for it, and those who must live with you will know you to be better and more agreeable. Do not humor your evil traits. Remember, a bad temper, jealousy, morbidness, suspicion and treachery are fatal to good looks and will eventually cost one their friends.

### Answers to Queries

**SYNTHETIC.**—The following is an excellent tooth powder: Precipitated chalk, four ounces; powdered orris root, eight ounces, and powdered camphor, one ounce. I am sending you instructions for the cure of the teeth.

**MRS. T. J.**—One cannot be too careful about the soap used upon the face. Any castle soap that sells at bargain prices is generally not the best. Oatmeal mixed with almond meal is admirable for cleansing the face and neck, and many rub a good cream into the skin, leave it on for a while, and then carefully remove it with the dust and powder of the day, by means of bits of absorbent cotton. After this comes the hot bath to clean and open the pores of the cuticle, the cold bath to stimulate the skin and make it

firm, and last of all, massage with skin food to nourish it, remove wrinkles and fill out hollows.

To be efficacious massage must be gentle, firm, regular and accomplished with rotary motion of the finger tips, except about the eyes. Do not massage both corners of the eyes or sides of the forehead at the same time. I shall be happy to send you the formula for an excellent skin food which I have used for over twenty years, and which is most frequently used by the French and Russian women. If you will send me a stamped addressed envelope I shall also send you complete instructions for facial massage.

**D. M.**—I am answering your queries in the order in which you asked them. 1. Brushing is excellent for dry hair and if you are persistent your hair will brighten up and become full of

life. Use military brushes and brush with both hands at once. Give each side at least one hundred strokes. Do not rub the hair down flat against the head. Lift it up away from the head. Scalp massage is also good for it excites the oil in the hair. 2. I know of no permanent dye for the lashes and brows but consider Mascara about the best temporary dye. You can get it at any drug store for a small sum. It is a sort of water color and comes in a little cake accompanied by a small brush. Dampen the brush, rub it on the cake, and apply to the lashes and brows. Be careful that you do not get into the eye. 3. If you will send me a stamped addressed envelope I shall be glad to send you a harmless curling fluid. I shall also send you instructions for scalp massage and a tonic for dry hair.

Mount Olivet cemetery, near the remains of Francis Scott Key, and to erect a monument over the grave. The association for this purpose was formed in Maryland.

### Races to Bier

**LONDON, August 30.**—Eva Booth reached London after a rapid dash from New York via France just in time to kiss her dead father, General William Booth, before his burial.

The French liner La France, which

carried her, did not touch at a British port, but reached Havre Wednesday night. She boarded the Paris express thirty seconds before it left the station and then took the first train to Calais.

Miss Booth crossed the channel on a night boat to Dover and reached London at an early hour yesterday morning.

### Society Girl "Flies"

**JOLIET, Ill., Aug. 30.**—Speeding seventy miles an hour for seven miles between Coal City and Mason yesterday

afternoon, Earl Dougherty, flying an aeroplane invented by Mayor Sommerville of Coal City, distanced the California Limited of the Santa Fe railroad by two miles over the course.

Riding with him was Miss Katherine Miller, society girl of local City, who was making her first flight.

"I enjoyed every second of the ride and was not a bit frightened," said Miss Miller upon alighting at the Mason City grounds, where thousands of persons had assembled to witness the landing.

## JUDGE F. B. OGDEN IS UNANIMOUSLY ENDORSED

ALAMEDA COUNTY ATTORNEYS ASK  
VOTERS TO RE-ELECT ABLE JURISTHIS RECORD  
DESERVES  
SUPPORT

Practitioners See in F. B. Ogden  
Fearless, Honest and Wise  
Official

One Hundred and Seventy-  
Five Lawyers Sign Petition  
for Re-election

THE practically unanimous endorsement placed by the Bar Association of Alameda county upon the candidacy of Superior Judge Frank B. Ogden for re-election and upon District Attorney William H. Donahue for election to the bench vacated by Superior Judge Ellsworth has given the voters of the county an excellent guide by which to mark their ballots next Tuesday.

Judge Ogden has administered justice impartially in this county ever since his appointment by Governor Markham. He has earned a reputation for ability, courtesy and sound integrity, and the very men who have had most experience with his judicial findings and interpretations have been the first to advocate his continuance in the role he so ably fills.

The following set of resolutions have been adopted and signed by the most prominent practitioners in Alameda county, including those associated with the prosecuting staff of the District Attorney:

ENDORSED BY THE BAR.

"Oakland, Cal., March 29, 1912.  
"Whereas, Hon. Frank B. Og-

FRANK B. OGDEN, WHO HAS BEEN ENDORSED BY COUNTY BAR-  
RISTERS TO SUCCEED HIMSELF AS SUPERIOR JUDGE.

den has, for a period of years, served the people of the county of Alameda, State of California, as a Superior Judge of the State of California, in and for the county of Alameda, and his term as such Superior Judge expires this year, and

"Whereas, He has signified his intention to seek a re-nomination as a candidate to succeed himself as such Superior Judge, and

"Whereas, In the performance of his official duties he has manifested an ability and integrity which have gained for him the confidence, good-will and esteem of those who have practiced be-

fore him, and of the people at large, and that through his acts in the administration of the law he has done much to obtain for both the bench and bar of Alameda county the high standing which they have attained throughout the State of California, and has proven himself worthy of further consideration and trust at the hands of the electors.

"Now, therefore, we the undersigned attorneys-at-law practicing in the courts of Alameda county, having due regard for the sterling qualities and exceptional judicial temperament which Judge Ogden possesses, take pleasure in endorsing his administration, and in recommending and advocating his re-nomination as a candidate for the position of Superior Judge of Alameda county.

CHOOSE FOSS OR OLD GANG;  
OPPONENT'S MOTIVE PLAIN

Oakland, Cal., Aug. 29, 1912.

Friends and Fellow Citizens: Knowing that it is impossible for me to see you all personally, I take this means of informing you of my candidacy for the Republican nomination for Supervisor of the Fourth District to be voted upon at the primary election to be held on Tuesday, September 3, 1912. I have served as a representative for the past three and a half years. When I came before you four years ago I pledged myself as a business man to do what I could towards putting Alameda county business upon a business basis. I have kept my pledge and feel that I am in a position whereby I do not have to apologize for my stand. This my past record will prove.

## PUBLIC FUNDS NOT SQUANDERED NOW.

Alameda county has been misruled by the notorious Cook-Kelley machines for these many years. With the assistance of J. F. Mullins, Supervisor of the Fifth District, and our able District Attorney, William H. Donahue, it has been possible to make changes which have deterred this old machine from misusing public funds.

I am enclosing a copy of an article published in the Examiner of July 24 which is explaining the position of my opponent who is being backed by the old Cook-Kelley machine. This article states absolute facts.

If re-elected I shall in the future, as I have in the past, serve you to the best of my ability and feel that with my past experience I shall be able to give to you still more efficient service. Thanking you in advance for the support I feel sure you will give me on Tuesday, September 3, I am

Very sincerely yours,

F. W. FOSS,

Candidate for re-election as Supervisor of the Fourth District.

PRINTER IS OPPOSING FOSS AS SUPERVISOR.

(Examiner, July 24, 1912).

R. S. Kitchener, an Oakland printer, is determined that Supervisor Foss shall pay for cutting down the printing bills of the county. So he made the announcement yesterday in Oakland that he would oppose Foss at the coming election for the Supervisor from the Berkeley and North Oakland Districts.

While a member of the finance committee Foss audited very closely printing bills submitted by Kitchener. In some instances he chopped the bills in half. Kitchener appeared before the board for months in an effort to convince Foss that the printing charges were just. Foss was not convinced and Kitchener was finally forced to accept the reduced amounts.

As a political candidate Kitchener will look to County Clerk John P. Cook and Supervisor Kelley for his support. This means that Cook and Kelley will be unusually busy during the coming election.

The two men elected Harry Anderson as Commissioner of Public Works in Oakland and now they have undertaken to elect Dr. Hubert Rowell as Supervisor to succeed Supervisor Mullins. Rowell is planning an active campaign. His plans for the improvement of the County Hospital if elected are a feature of his speeches.

HELPED HUBBY  
IN DIVORCE  
ACTION

Witness Testifies That H. Z.  
Joseph Said He Aided Friend  
in Sleuthing.

SAN FRANCISCO, Aug. 30.—Testimony tending to corroborate Mrs. Anita F. Lichtenstein in her charge of a conspiracy against her by her husband, his brother, Attorney Milton Nathan, and H. Z. Joseph, was contributed in Superior Judge Cabanis' court this morning by Arthur F. Rosenblatt and Milton Rosenblatt of the Rosenblatt Company, wholesale liquor dealers.

Arthur Rosenblatt was first called and stated that Joseph, who had formerly done a great deal of business with his firm, had given him, as the excuse for failing to appear at his office and keep an appointment, the statement, "I was doing a favor for a friend trying to cop his wife so that he could get a divorce."

"A man that would lend himself to a thing like that would be a scoundrel," asserted Rosenblatt when asked on cross-examination what he had thought after hearing Joseph's alleged statements.

The evidence of Rosenblatt was admitted over the vigorous objection of Attorney George A. Knight, representing the defendants, and in his questioning of the witness brought out the fact that a great volume of business ranging from \$15,000 to \$30,000 a year had been done by Joseph through Joseph about the time of the commission of the alleged crime.

NOT SURE OF JOSEPH.  
Rosenblatt stated that he was not certain that Joseph with whom he did business and the Joseph concerned in the Lichtenstein case was the same, because the Lichtensteins denied it. To satisfy himself he described the taking of a photograph to the Bay State and showing it to the head waiter.

"That is the gentleman that was here with the lady who had the trouble last week," the waiter informed him.

Milton W. Rosenblatt stated that he had seen Joseph on December 29 and that the latter had remarked to him after the courtesies of the morning had been exchanged:

"I wish I could sleep for about thirty days and awake to find everything a dream."

DOING SLEUTH'S WORK.  
"What do you mean?" I asked him. "I was doing a little detective work yesterday," was the reply. "I was following a friend's wife."

"I should think that would be a good thing to keep away from; you might get into trouble," I warned him. "Oh, I was following the husband, too, and I did it just for the fun of the thing," was his answer.

Mrs. Lichtenstein was attended in court this morning by a priest who is a friend of the family, and one of the most dramatic speeches of the session was made by Attorney Knight when he defended the credibility of the Joseph home, asserting that the Joseph race held their household more sacred than that of any other people in the world.

HIGH JINKS  
THIS EVENING

THE Eugene Stachler Club will hold a high jinks this evening at the S. B. S. Hall, Thirty-second and Grove streets. This will be the largest and most important meeting of the campaign in North Oakland and will be attended by some of the most important men of Oakland. The Stachler Club always takes a prominent part in affairs that involve the county of Alameda or the city of Oakland and the members endeavor to have the most prominent candidates present, together with the best speakers that can be found, in order to give the members and the public the best chance possible to learn of public affairs. There will be refreshments served. The invited speakers include such candidates as J. R. Knowland, John F. Mullins, Judge F. B. Ogden, William H. Donahue and George Fitzgerald. Those who are not candidates for office, who will also address the meeting, include Sheriff Frank H. Motz, William J. Hennessy, W. B. Joseph, Mayor Noy of Alameda, J. E. Rickman, Eugene Stachler and others.

Los Angeles Plans  
To Cut Off Hatpins

LOS ANGELES, Aug. 30.—The next thing to receive official attention at the hands of the city councilmen in Los Angeles seems likely to be the hat pin.

Members of the executive board of the Badger California club met at Horrocks Beach, yesterday, and adopted a resolution, asking the Los Angeles council to make it an offense for any woman to wear a hat pin which "protrudes more than one inch beyond the crown of the hat."

It was planned to present the resolution to the council in a few days. The councilmen hearing of the club's action, considered the advisability of appointing one of their number as fashion expert to acquire sufficient information to enable them to legislate wisely upon the subject.
